

120 Hour Course Planning Guide, BS, BIOLOGY

To use this form effectively: Check the courses completed and schedule those remaining courses as they become available. The Biology 1110 course must be completed before enrolling in upper level biology courses. The laboratory and lecture sections of a course must be completed at the same time. Courses marked with § are usually offered only in the semester in which they are listed below. Only one of the courses marked with an * needs to be completed. All General Education core courses are offered during the summer. A minor is not required of students pursuing the BS degree. The following course planning guide does not guarantee that all courses will be offered in the term(s) identified.
