

Reading Specialist

Austin Peay State University Professional Educational Standards, International Reading Association, and NCATE Standards

Austin Peay State University Professional Educational Standards	International Reading Association Standards	NCATE Standards
<p>STANDARD ONE: PROFESSIONAL GROWTH AND DEVELOPMENT Candidates are reflective practitioners who continually evaluate the effects of their choices and actions on others, who actively seek out opportunities to grow professionally, and who effectively communicate with students, parents, colleagues, and others.</p> <p>1.1 Candidates reflect on effective teaching practices as demonstrated by mentor teachers and colleagues</p> <p>1.2 Candidates consistently reflect on their teaching practices by continually evaluating the effect their instruction has on all students</p> <p>1.3 Candidates monitor their teaching strategies and behavior in relation to student success and use the information to modify and revise instruction accordingly.</p> <p>1.4 Candidates seek professional literature, engage colleagues, participate in professional organizations, and use other</p>	<p>Standard 11. Communicating Information. Candidates communicate information about reading to students, professionals, paraprofessionals, administrators, policy makers, and the community and elicit their assistance.</p> <p>Standard 13. Professional Development. Candidates participate in, initiate, implement and evaluate professional development programs in the schools.</p> <p>Standard 14. Research. Candidates apply research to improve the literacy program.</p> <p>Standard 15. Supervision of Paraprofessionals. Candidates assist paraprofessionals in meeting students' needs.</p>	<p>1.E. They know their students, families, and communities; use data and current research to inform their practices; use technology in their practices; and support student learning through their professional services</p> <p>1.F. They understand and build upon the developmental levels of students with whom they work; the diversity of students, families, and communities; and the policy contexts within which they work.</p>

<p>resources to support their continuing professional development</p> <p>1.5 Candidates demonstrate a broad knowledge of legal and ethical responsibilities, educational policy, and organizational, historical, and professional dimensions of classrooms and schools.</p> <p>1.6 Candidates effectively communicate with families and teachers, and collaborate with other professionals within the school and within community agencies to foster student learning.</p> <p>1.7 Candidates understand schools as organizations within the larger community and effectively communicate school goals and accomplishments to the community and general public.</p> <p>1.8 Candidates use knowledge of effective verbal, and nonverbal communication techniques to foster active inquiry, collaboration and supportive interaction in the classroom</p> <p>1.9 Candidates use media to foster active inquiry, collaboration and supportive interaction in the classroom.</p> <p>1.10 Candidates write at a professional level, using proper grammar and writing techniques</p>		
---	--	--

<p>and appropriately referencing research.</p>		
<p>STANDARD TWO: KNOWLEDGE OF INSTRUCTION Candidates plan instruction based upon knowledge of subject matter, students, the community, and curriculum goals and use a variety of instructional strategies to encourage development of critical thinking, problem solving and performance skills in students.</p> <p>2.1 Candidates understand and use the principles and techniques associated with various instructional strategies that reflect best practice (such as cooperative learning, direct instruction, whole group instruction, independent study and interdisciplinary instruction) and that foster high expectations for all students.</p> <p>2.2 Candidates organize instruction to create learning experiences that content to real life experiences and enable students to apply learning to future careers.</p> <p>2.3 Candidates vary their role in the instructional process (e.g. instructor, facilitator, coach, audience) to achieve different instructional purposes and to meet individual student needs.</p> <p>2.4 Candidates use a wide variety of resources and methods, including technology and assessment data,</p>	<p>Standard 6. Word Identification, Vocabulary, and Spelling. Candidates teach word identification strategies, assist students in building their vocabularies, and guide students in refining their spelling.</p> <p>Standard 7. Comprehension. Candidates provide explicit instruction and model multiple comprehension strategies.</p> <p>Standard 8. Study Strategies. Candidates teach students a variety of study strategies to strengthen reading comprehension.</p> <p>Standard 9. Writing. Candidates emphasize the interrelationship between reading and writing.</p>	<p>1.F. Candidates for other professional school roles are able to create positive environments for student learning.</p>

<p>teacher-created materials, textbooks, technology, community and business resources to develop and use clear, accurate presentations of concepts to promote student learning.</p> <p>2.5 Candidates use reading comprehension and writing strategies in the content area and assist students in applying mathematics concepts to subject content.</p> <p>2.6 Candidates support acquisition of English necessary for continuous learning in the content area of students whose first language is not English.</p> <p>2.7 Candidates use their knowledge of subject matter, learning theory, curriculum and student development, assessment measures, and assessed student needs in planning instruction for all students.</p> <p>2.8 Candidates evaluate, select and create learning experiences that are developmentally appropriate, aligned with Tennessee curriculum standards, relevant to students and based upon the principles of effective teaching.</p> <p>2.9 Candidates identify long-range instructional goals, sequence short-range instructional objectives, and develop units and daily lessons that target these</p>		
---	--	--

<p>goals and objectives.</p> <p>2.10 Candidates work with others in developing individualized plans, adjust goals, teaching strategies or supports to help students with disabilities succeed in the general curriculum and plan for students who require an expanded curriculum.</p> <p>2.11 Candidates use multiple teaching and learning strategies in active learning opportunities to promote the development of critical thinking, problem solving and performance capabilities in the content areas.</p> <p>2.12 Candidates model effective communication strategies in conveying ideas and information, asking questions, listening, giving directions, probing for student understanding, and helping students express their ideas.</p>		
<p>Standard Three: Knowledge of Assessment and Evaluation. Candidates know, understand and use formal and informal assessment strategies to evaluate and ensure the continuing, intellectual, social and physical development of the learner.</p> <p>3.1 Candidates understand the characteristics, uses, advantages and limitations of different types of assessments for evaluating student learning.</p>	<p>Standard 4. Reading Difficulties. Candidates use knowledge of the multiple factors associated with reading and writing difficulties to assess capabilities and reading difficulties of individual learners and create appropriate learning experiences.</p> <p>Standard 10. Assessment. Candidates use a variety of</p>	<p>1.E. They know their students, families, and communities; use data and current research to inform their practices; use technology in their practices; and support student learning through their professional services</p> <p>1.F. They understand and build upon the developmental levels of</p>

<p>3.2 Candidates understand state and federal accountability requirements.</p> <p>3.3 Candidates select, construct and use formal and informal assessment strategies and instruments appropriate to the learning expectations being evaluated to make instructional decisions based on student performance information.</p> <p>3.4 Candidates actively solicit and use information about students' learning needs and progress from parents, other colleagues and the students themselves.</p> <p>3.5 Candidates develop and maintain useful records of student work and progress and responsibly communicate student progress to students, parents and other colleagues.</p> <p>3.6 Candidates collaborate with special education teachers and others to plan and design accommodations, modifications, adaptations or alternate assessments, based on the results of recommended individual assessments</p>	<p>evaluation tools and techniques and provide ongoing assessment to diagnose individual learner strengths and needs, recommend effective strategies, make decisions about instruction, advise classroom teachers, parents and students, and make referrals to other professionals.</p>	<p>students with whom they work; the diversity of students, families, and communities; and the policy contexts within which they work.</p>
<p>STANDARD FOUR: KNOWLEDGE OF STUDENTS Candidates understand the diverse needs of students and that students differ in their approaches to learning. Candidates can create learning</p>	<p>Standard 3. Individual Differences. Candidates demonstrate an understanding of how literacy development differs from learner to learner</p>	<p>1.E. They know their students, families, and communities; use data and current research to inform their practices; use technology in their practices; and support student</p>

<p>opportunities that meet the needs of all students. Candidates support students' intellectual, social and personal development.</p> <p>4.1 Candidates understand how learning occurs—how all students construct knowledge and acquire skills—and are able to provide learning opportunities that support their intellectual, social and personal development</p> <p>4.2. Candidates draw upon an in-depth knowledge of developmental progression in student physical, social, emotional, moral, and cognitive domains when making instructional decisions.</p> <p>4.3 Candidates recognize that students with disabilities may exhibit greater individual variation and that a disability often influences development and functioning in more than one area</p> <p>4.4 Candidates use this knowledge of students to optimize learning opportunities for each student</p> <p>4.5 Candidates understand and identify differences in student approaches to learning and performance</p> <p>4.6 Candidates design instruction and adapt instructional techniques for all students within the broader context of their families, cultural backgrounds, socioeconomic classes, languages, communities,</p>		<p>learning through their professional services</p>
---	--	---

<p>peer/social groups and exceptional learning needs.</p> <p>4.7 Candidates create a learning community which is inclusive and in which individual differences are respected</p> <p>4.8 Candidates demonstrate an understanding of the implications of disability legislation and special education policies and procedures and Candidates provide equitable access to and participation in the general curriculum for students with disabilities.</p> <p>4.9 Candidates understand language development, the role of language in learning and how culture, gender, and exceptional learning needs affect communication in the classroom.</p> <p>4.10 Candidates act as advocates for all students, advise them, recognize student problems, and seek additional help as needed and appropriate.</p>		
<p>STANDARD FIVE: CLASSROOM MANAGEMENT</p> <p>Candidates use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning and self-motivation.</p> <p>5.1 Candidates understand human motivation and behavior and create a learning environment that</p>	<p>Standard 5. Literacy Environment.</p> <p>Candidates create an environment that fosters interest and growth in all aspects of literacy.</p>	<p>1.F.</p> <p>Candidates for other professional school roles are able to create positive environments for student learning.</p>

<p>is inclusive and supports positive social interaction, active engagement in learning and self-motivation for all students.</p> <p>5.2 Candidates organize and manage resources such as time, space, facilities, technology, activities, instructional assistants and volunteers to engage all students in productive tasks and maximize the amount of class time spent in learning.</p> <p>5.3 Candidates develop shared expectations for all students and create and maintain a positive, inclusive classroom climate of mutual respect, support and inquiry.</p> <p>5.4 Candidates understand and use a wide variety of classroom management strategies that foster self-control and self-discipline.</p> <p>5.5 Candidates can defuse potential conflict and use conflict resolution strategies to maintain a smoothly functioning learning community.</p>		
<p>Standard Six: Knowledge of Technology Candidates promote the equitable, ethical and legal use of technology resources and use technology and technology based resources to facilitate developmentally appropriate student learning. and to enhance their professional growth and productivity</p> <p>6.1 Candidates integrate instructional</p>	<p>Standard 11. Communicating Information. Candidates communicate information about reading to students, professionals, paraprofessionals, administrators, policy makers, and the community and elicit their assistance.</p> <p>Standard 12. Curriculum Development.</p>	<p>1.E. They know their students, families, and communities; use data and current research to inform their practices; use technology in their practices; and support student learning through their professional services</p>

<p>technology to facilitate learning in their classrooms, to supplement instructional strategies, to design instructional materials, and to enhance hands-on experiences and problem solving</p> <p>6.2 Candidates select and use grade-level and content-specific technology resources, including assistive technology, to increase student participation in the total curriculum.</p> <p>Candidates apply technology to analyze assessment data and to guide classroom decisions regarding student learning</p> <p>6.4 Candidates use technology in their own learning process and to change their current educational practice.</p> <p>Candidates use technology to gather, sort, and analyze information needed for their own research projects</p> <p>6.6 Candidates use technology to effectively communicate with students, parents, and colleagues.</p> <p>6.8 Candidates effectively use and manage all technology available to them and explore uses of emerging resources.</p> <p>6.7 Candidates use tools such as databases and spreadsheets for sorting, compiling, and analyzing data gathered from a variety of sources.</p>	<p>Candidates initiate and participate in ongoing curriculum development and evaluation.</p>	
---	--	--

<p>6.9 Candidates model the legal and ethical use of technology resources</p>		
<p>Standard 7. Knowledge of Content Candidates know, understand, and use the central concepts, tools of inquiry and structures of the discipline(s) Candidates teach and can create learning experiences that develop student competence in the subject matter.</p> <p>7.1 Candidates demonstrate a broad general understanding of the major concepts of the discipline Candidates teach, including those addressed in the licensure standards for the teaching endorsement(s) Candidates seek</p> <p>7.2 Candidates understand and are able to use assumptions and the processes of inquiry for the discipline being taught.</p> <p>7.3 Candidates create interdisciplinary learning experiences that allow students to integrate knowledge, skills and methods of inquiry from several related subject areas.</p> <p>7.4 Candidates use connections in instruction across disciplines and draw on their knowledge to build understanding and motivate students.</p>	<p>Standard 1. Theoretical Base Candidates demonstrate an understanding of theories underlying the reading process and the teaching of reading.</p> <p>Standard 2. Knowledge Base. Candidates demonstrate an understanding of the written language as a symbolic system and the interrelation of reading and writing, and listening and speaking.</p>	<p>1.E. Candidates for other professional school roles have an adequate understanding of the knowledge expected in their fields and delineated in professional, state, and institutional standards.</p>
