

### Course Planning Guide, Sociology

The sociology major emphasizes the theoretical and applied aspects of the field of sociology. Applied is the use of sociological theory and methods to analyze and solve personal, social, structural, and societal problems and issues that exist in our everyday social world. Students majoring in sociology and graduating with a B.S. will be able to apply their sociological perspective to a wide variety of jobs in such sectors as business, the health professions, the criminal justice system, social services, and government.

Students should consult with an advisor to determine approved substitutions for courses below. Core requirements must be fulfilled.
