

120 Hour Course Planning Guide, BS, Biology, Pre-Physician's Assistant Concentration

To use this form effectively: Check the courses completed and schedule those remaining courses in the order in which they appear. Courses printed in *italics> are physician assistant graduate school pre-requisites. Courses marked with § are usually offered only in the semester in which they are listed below. All General Education core courses are offered during the summer. A minor is not required of students pursuing the BS Degree in Biology, but we recommend taking a minor in Health Science, those courses are denoted by an *. Other suggested minors include Chemistry and Psychology. Please check with your advisor early in your academic career so that you can plan your curriculum specifically to the Physician Assistant Graduate Programs you plan to apply to after graduation.*
