

Academic Council Report from Senator Kemmerly

Dec 2, 2009

Professor Joyce Hargrove, chair of social work, received approval to increase the elective options for social work majors. SW 3500, Youth Gangs and Delinquency, was added based on numerous requests from the Tennessee Department of Child Services. The registrar, Telaina Wrigley, briefed the Academic Council members on the recently implemented online grade change procedures. She indicated that they are still working “computer glitches” but remains confident that this will reduce the low value work done not only by individual faculty and the registrar’s staff.
