

*Founded in 1927, Austin Peay State University is a comprehensive, state-assisted university with an enrollment of approximately 9,000 students. APSU was named in honor of the late Tennessee Governor Austin Peay, who served from 1923–1927.*

*With a main campus in Clarksville, Tenn. and a satellite campus on post at Fort Campbell, Ky., APSU is one of 47 universities, community colleges and technology centers in the Tennessee Board of Regents system, the sixth largest system of higher education in the nation. The University offers a full range of academic programs at the associate, baccalaureate and master's degree levels in the arts, sciences, business and selected professional programs. APSU offers 13 online degree programs and hundreds of Web-based classes. Among APSU's many points of distinction are its outstanding programs in the sciences, two centers of excellence in the creative arts and field biology and four chairs of excellence in the creative arts, business, free enterprise and nursing.*

*An integral part of Clarksville, a rapidly growing city of more than 100,000 located 45 minutes northwest of Nashville, the University led the state in enrollment growth in recent years. Since 2000, Austin Peay has renovated and erected numerous top-of-the-line facilities on its 160-acre main. Of the universities offering classes on post at Fort Campbell, only APSU has been given permission to construct its own building. The University enrolls more students at the Fort Campbell Center than the other five institutions combined.*

**Electrician  
Physical Plant  
Regular Full-Time Position  
Position Number 666010**

**General Description**

The Electrician is under general supervision and is responsible for the installation and maintenance of electrical, conduit, wiring, related equipment and systems.
