

**AUSTIN PEAY STATE UNIVERSITY
ACADEMIC PROGRAM REVIEWS**

Standards for Evaluating Graduate Degree Programs

In accordance with instructional evaluation guidelines promulgated by the Tennessee Higher Education Commission in 1997, each of the University's mature (approved for at least five years) graduate programs will be evaluated according to specified criteria. External evaluators' ratings of the criteria contained in this form will be used in allocating state funds for the University's instructional budget.

Evaluation for the Graduate Degree Program in: _____

For Degree Levels: _____ Master's (e.g., MA, MS, MBA)
(check all that apply) _____ Educational Specialist (i.e., EdS)
 _____ Doctorate (e.g., DA, EdD, PhD)

Academic Program Review Date: _____

Instructions for External Reviewers: Using the criteria for evaluation of the graduate degree program(s) listed above, complete the 10 items under **Objective Standards**, which must be adjudged to be "Met" or "Not Met" and the 20 items under **Qualitative Standards**, which must be rated on a 4-point scale ranging from "poor" to "excellent" (or "NA" for items which are not applicable to this program).

External reviewers should indicate their agreement on one set of ratings by placing their signatures on the lines below:

This evaluation will become part of the record of the academic program review, and will be shared with the academic department, the college and central administration, as well as the Tennessee Higher Education Commission.

Graduate Degree Program in _____

Please indicate with a check mark whether each of the following **Objective Standards** has been met or not met. Where two or more conditions correspond for a given standard, all such conditions must be fulfilled to meet the standard.

I. Objective Standards

Met Not Met

A. Admission of Students

1. Admission standards are appropriate to the degree level.
2. Admission standards are stated clearly and are circulated to all applicants. Inclusion in the institution's catalog is sufficient to fulfill this condition.
3. Evidence exists that admission standards are consistently applied.
4. There is appropriate orientation of new students.

Met Not Met

B. Supervision and Retention of Students

1. Retention standards are stated clearly and are circulated to all enrolled students. Inclusion in the institution's catalog is sufficient to fulfill this condition.
2. Evidence exists that retention standards are consistently applied.
3. Orientation, personalized instruction, advisement, and guidance are provided to enrolled students.
4. Students' progress is periodically monitored.
5. Time limits are appropriate for the degree level and are checked to ensure students' knowledge is up to date when the degree is awarded.

Met Not Met

C. Availability and Sophistication of Coursework

1. There is a core of planned coursework appropriate to the discipline.
2. Courses are offered frequently enough to allow students to progress at a reasonable pace.
3. There is provision for planned disciplinary specialization beyond the core.
4. Courses are characterized by advanced disciplinary content and academic rigor.
5. In master's programs, degree credit is given for dual-listed (undergraduate-graduate) courses in no more than 1/3 of total hours required.
6. Sufficient distinction is made between coursework at the master's, educational specialist and/or doctoral levels.

Met Not Met

D. Methodologies and Techniques of Discipline

The program includes tools, techniques and methodology that are needed to understand the discipline, undertake research in the discipline, and actually practice the education acquired.

Met Not Met

E. Extra-disciplinary Experience

Some academic exposure outside the degree major or discipline should be available to students without increasing the total number of hours required for the degree. Among the elements that would constitute such exposure are related courses outside the major and internships or practice. In professional fields, students should be allowed courses outside their professional school.

Met Not Met

F. Comprehensive Examination

1. At or near the end of all coursework, students should be required to take a written or oral comprehensive examination demonstrating the breadth of knowledge in the discipline, depth in specific areas, and the ability to integrate what has been learned.
2. A student's comprehensive written examination or the results of oral exams must be kept on file for a minimum of five (5) years.

Met Not Met

G. Culminating Experience

1. Each student should have a culminating experience that demonstrates communication skills and the ability to apply knowledge independently. A record of the written culminating experience must be kept on file for a minimum of five (5) years. Examples of culminating experiences include:
 - a) thesis, dissertation, or comparable expository paper(s)
 - b) narrative analysis of case studies or problem sets
 - c) recital or exhibit
 - d) written report on a practicum or internship

Met Not Met

H. Research

Each student must demonstrate mastery of research in the discipline through thesis, dissertation, research papers, literature reviews, reports, or case studies.

Met Not Met

I. Communication

Each student must demonstrate the ability to communicate, both orally and in writing, in a manner and at a level appropriate to the degree and discipline. Explicit program components should be designed to provide opportunity for this demonstration.

Met Not Met

J. Application of Knowledge

Each student is required to develop and demonstrate the ability to integrate and apply knowledge learned in coursework through specific experiences (e.g., teaching assistantship, research assistantship, performance of musical work, field problems) designed for this purpose.

Graduate Degree Program in _____

For each of the Qualitative Standards below, please provide a rating by checking the appropriate column:

NA = *Not applicable*; **0** = *Poor*; **1** = *Minimally Acceptable*; **2** = *Good*; **3** = *Excellent*

II. Qualitative Standards

A. Student Experience

1. There is a critical mass of students to ensure an appropriate group of peers.
2. Prudence is exercised in the number and type of short courses accepted toward the degree.
3. Programs offered entirely through distance education technologies are evaluated regularly to assure outcomes at least equivalent to on-campus programs.
4. There are adequate enrichment opportunities, such as lecture series, to promote a scholarly environment.
5. There are adequate professional development opportunities, such as encouraging membership in professional associations, participation in conferences and workshops, and opportunities for publication.
