

**AUSTIN PEAY STATE UNIVERSITY**  
**RFQ 11-039 Rebid**  
**Automated Call System**  
**Questions and Answers**

1. Since everything except the cost proposal is exactly the same, can we simply submit new cost proposals, rather than resubmitting the entire technical response plus all of the attachments?

**ANSWER:**

**For the bid to be viable, the total package must be submitted to include both technical and cost.**

2. By remotely hosted solution, do you mean Software as a Service? In other words, you do not want an on-campus, software license purchase, correct?

**ANSWER:**

**That is right. The Institution wants to the successful proposer's company to host. Meaning the Institution will not have a server here on-campus to host software.**
