

From the President

I love to travel. When I was a child, my parents made sure we took advantage of opportunities to explore our nation, and I still remember my excitement at seeing the Rocky Mountains, the Sonoran Desert and Niagara Falls for the very first time. Those trips fostered a desire to see more of this vast country, and I would eventually go on to visit all 50 states. But in the last sixteen months, I've found myself staying pretty close to one particular spot—my home here at Austin Peay State University.

Every day, I feel like a traveler as I walk across this campus and discover something new. Universities are institutions of change, and ours is no exception. A parking lot will soon be a new fine arts building that will serve our deserving art and design students and faculty. Because of the generosity of Wayne Ard, I will soon look out my office window and see the A. R. Boyd Student Health Services serving students in a newly-renovated space, the Wayne and Marianne Ard Building.

Travel provides a great opportunity to meet interesting people, but I've learned that some of the most interesting are right here on the APSU campus. If I walk to the Music/Mass Communication Building, I can walk by the office of Dr. Ann Silverberg, who is spending a year as a Fulbright Scholar in China, studying that country's musical past. I will most likely stop and scan QR codes in the Time Magazine Person of the Year exhibit. I can also go to the McCord Building and meet with the nursing students who achieved a 100 percent pass rate on their State Board exams. I can drive to our campus on Fort Campbell and enjoy a meal prepared by our top-notch culinary arts students. Everyone at Austin Peay contributes to the positive energy that defines our campus, which is why, for the fourth year in a row, the Chronicle of Higher Education named us a Great College to Work For.

Visiting all 50 states made me realize that we live in a beautiful and wonderful country. Seeing this first hand gave me a deeper appreciation for the sacrifices our men and women in uniform make to protect this nation. I was so proud when the Tennessee Higher Education Commission named Austin Peay a Veterans Education Transition Support (VETS) Campus earlier this year. We received this certification because our faculty and staff go out of their way to help student veterans succeed in their pursuit of a college education. It's the right thing to do.

It turns out that Austin Peay makes it fun to travel even when close to home. My mode of transportation is a lot simpler than most, because I can walk or bike wherever I want to go. I have a hunch that the future will hold many new views and experiences as the University strives to meet the needs of new generations of students. You've helped make this University great. Your gifts, both large and small, provide opportunities that our students and faculty can't get at other institutions. They make Austin Peay an extraordinary place that continues to attract high-caliber students.

Thank you for your generosity. You are making a difference in so many lives, and together we will continue to make this University a place we're all proud of.

A handwritten signature in cursive script that reads "Alisa White".

Dr. Alisa White

CHARITABLE GIFT ANNUITY

In 2010, Dr. Harold S. Pryor ('46) established APSU's first gift annuity. That gift is now changing the lives of students.

What is a charitable gift annuity?

A charitable gift annuity combines a charitable gift with an income for life. A gift annuity allows you to make a gift to the APSU Foundation and the program of your choice while benefitting from the following:

- Safe, fixed income for your life and the life of a loved one
- Tax savings—immediately and in the future
- Favorable treatment of capital gains, if funded with appreciated assets
- Membership in a giving society at the level of your gift

How does a charitable gift annuity work?

In exchange for an irrevocable gift of cash, publicly traded securities or other assets, the APSU Foundation agrees to pay one or two individuals a fixed annual income that is backed by the resources of the APSU Foundation.

The minimum age to establish a gift annuity is 65. If you are using interest from CDs or dividends from other investments to assist in your living expenses, a gift annuity may be a perfect fit for you.

Your income from a charitable gift annuity will never decrease—nor can you outlive it. This one-time purchase can provide a stable annual income.

The rate of return on a gift annuity is more than a CD and provides tax benefits, but it also makes a difference in the lives of APSU students.

If you have an interest in establishing a gift annuity, please call the APSU Advancement Office, 931-221-7127.
