

## Resources

### Creative Commons and Open Access

---

**License Chooser tool** - [creativecommons.org/share-your-work/](https://creativecommons.org/share-your-work/)

**CC Search** - [search.creativecommons.org/](https://search.creativecommons.org/)

- Offers a convenient interface to search for images by license type

### Identifying and Evaluating Journals

---

*Tools you can use for evaluating journal quality*

**Cabell's List** - [libguides.apsu.edu/cabell](https://libguides.apsu.edu/cabell)

- Has a list of predatory journals
- Includes a searchable list of journals that includes journal metrics

**Beall's List** - [bealllist.net/how-to-recognize-predatory-journals/](https://bealllist.net/how-to-recognize-predatory-journals/)

- Uses Biomed journals as the premise, but can be applied to other disciplines
- Includes an evaluation tool for determining the credibility of a journal

**Digital Commons Journal Evaluation Tool** - [digitalcommons.lmu.edu/librarian\\_pubs/40/](https://digitalcommons.lmu.edu/librarian_pubs/40/)

- Grade a journal based on a checklist
- Use the rubric to determine the level of confidence in the journal

**Think. Check. Submit.** - [thinkchecksubmit.org/](https://thinkchecksubmit.org/)

- Has a checklist to evaluate journals or publishers
- Offers a checklist for both book/chapter and journal publishing

**ICMJE Recommendations** - [www.icmje.org/journals-following-the-icmje-recommendations/](https://www.icmje.org/journals-following-the-icmje-recommendations/)

- Includes a list of recommendations for conducting, reporting, editing and publication for editors
- Provides a list of Health Science journals that have editors that follow a specific set of standards
- Using this list requires further evaluation on the part of the author

*Other Useful Resources*

**Open Access Journal Quality Indicators** - [www.gvsu.edu/library/sc/open-access-journal-quality-indicators-5.htm](https://www.gvsu.edu/library/sc/open-access-journal-quality-indicators-5.htm)

- Offers a list of positive and negative attributes to look for in journals

**SPARC Author Addendum** - [sparcopen.org/our-work/author-rights/brochure-html/](https://sparcopen.org/our-work/author-rights/brochure-html/)

- Can be sent to the publisher to alter agreements and maintain author rights

**RetractionWatch** - [retractionwatch.com](https://retractionwatch.com)

- Provides up to date information on articles that have been retracted
- Contains a database that can be used to look for retracted articles

### Joint Authorship Avenues with Students

---

**Andrew W. Mellon Foundation's grants database** - [mellon.org/grants/grants-database/](https://mellon.org/grants/grants-database/)

- You can filter for program area, amount, date, keywords, or a combination using the Advanced Search feature.

**Council on Undergraduate Research (CUR)** - [www.cur.org](https://www.cur.org)
