Learn more about GovSignals in AP Navigate and how they support timely, coordinated student success efforts across campus!

Here's what you'll learn:

- Review the available **GovSignal options** and when each type should be used.
- Understand **GovSignal statuses** and what each status communicates about student outreach and follow-up.
- Review expectations for **faculty follow-up and documentation** after submitting a GovSignal.
- Discuss how GovSignals connects faculty, advisors, success coaches, and other members of a student's **Success Team**.
- Explore **best practices** for communicating concerns early enough for students and support staff to take meaningful action.
- Review how GovSignals contributes to a broader **coordinated care approach** within Student Success and Academic Excellence.

Please bring questions or examples from previous GovSignal experiences for discussion.

Student Success and
Academic Excellence
