2024-2025 Petition for Direct Unsubsidized Loan (For students whose parents refuse to complete the FAFSA)

Student Name: _____ Student ID: A _____

Federal law states that a dependent student (based on the federal financial aid definition) must provide parental information on the Free Application for Federal Student Aid (FAFSA). The student may submit a petition for a Direct Unsubsidized Loan in cases where parents (both mother and father) have either:

1. Permanently ended **all** financial support of the student **or**;
2. Refuse to complete the parent section of the FAFSA.

Parent(s) who are required to sign this Petition:

- The parent(s) information that would have been used on the student's FAFSA. This parent will be referred to as "the FAFSA Parent" throughout this document and form.
 - Your biological parent
 - Your legally adoptive parent
 - Include your step-parent if your biological or adoptive parent has remarried
 - Note that grandparents, foster parents, and legal guardians are not considered parents for the purposes of FAFSA.
- If your parents are married to each other, or are living together but not married to each other, both signatures are required.
- If your parent has never been married and you do not know or have contact with the other parent, only one signature is needed.
- If your parents are divorced or legally separated (and not living together), you will determine the appropriate parent by the ranked criteria below:
 - Parent you have lived with more over the past 12 months. If this does not apply, then,
 - Parent who provided more financial support over the past 12 months. If this does not apply, then,
 - Parent who provided more financial support during the most recent year you received financial support.
- If your parent(s) refuse to complete this form, you must provide a letter from a third-party to verify why the parent(s) refuse to provide the student with financial support and complete the student's FAFSA.
