Graduate Regulation Modification – Final approval required from President White

1. Earning Double Graduate degrees Implementation Fall 2019
 - a. Removal of the language that states a minimum of nine (9) graduate credits, including transfer credits, are allowed to earn a double GR degree or second GR degree. This rule will be replaced by language allowing each academic unit to decide how many graduate credits, including transfer credits, to allow up to the limits for Residency.
 - b. Removal of the language that prohibits graduate credits from conferred graduate degrees to be used as graduate transfer credits. Again, each academic unit may decide how many graduate transfer credits to allow up to the limits for Residency.
 - c. No change to this, but simply stating a graduate student must earn a minimum of one-third of the number of credit hours required to complete a degree at Austin Peay State University.

Dr. Gandy requested an email vote regarding the changes to the Double Graduate degree and Residency language for the 2019 bulletin. This email vote was requested due to the need for these regulations to be clarified for the level change visit and information to be submitted to SACSCOC regarding the implementation of the Ed.D program at APSU.

The proposal passed with 10 ayes. Eight individuals did not respond via email.
