Please note:

- Graduate assistant applications are active for one academic year only.
- A graduate assistant must be fully admitted into a graduate program and registered as a full time graduate student before a GA assignment can begin.
- The maximum number of years a graduate student can be appointed to an assistantship is three, or six academic semesters.
- To maintain eligibility, the graduate assistant must complete all duties satisfactorily and maintain a cumulative GPA of at least 3.0.

Important tax information:

- A **GTA** or **GRA** is eligible for a stipend each semester (minimum \$2,600) and a tuition waiver to cover the cost of tuition and fees, not to exceed the cost of 10 graduate credit hours and associated fees per academic semester. GTA's and GRA's are not permitted to work more than 20 hours per week during the fall or spring semesters. The GTA or GRA is eligible for a full tuition waiver per Internal Revenue Code 117. For the GTA or GRA, only the stipend (\$2,600 per semester) is subject to income taxes.
- A **GAA** is eligible for a stipend each semester (minimum \$2,600) but is **not** eligible for the same tuition waiver as a GTA or GRA. However, the sponsoring department can pay the GAA the equivalent of the tuition waiver (not to exceed the cost of 10 graduate hours and associated fees per academic semester) in addition the stipend amount. For example, the sponsoring department could pay the GAA a total semester stipend of \$8,100 (this amount is taxed per IRS Code 117), of which \$5,500 would cover the cost of tuition and fees. The GAA may elect to have the tuition and fees deducted in equal installments from each stipend payment. To initiate this process, the GAA is required to sign a payroll deduction form in the Office of Human Resources. GAA's are not permitted to work more than 20 hours per week during the fall or spring semesters. The GAA is **not** eligible for a full tuition waiver per Internal Revenue Code 117. **For the GAA, the total award is subject to income taxes;** this includes both the tuition amount and the \$2,600 stipend. In the example above, \$8,100 would be taxable as income.
