The following list of candidates for graduation was prepared before course and/or degree requirements were completed, and inclusion herein does not constitute evidence of graduation. The listing of a name in this program should not be construed as an indication that a person in fact will receive a degree from Austin Peay State University at this commencement. Conversely, the absence of a student's name from the list does not necessarily mean that the person will not be awarded a degree. Honors for the degree candidates are based on the inclusive grade-point average on file at this time. Honors to be printed on the diploma will be based on the final inclusive grade-point average on all collegiate work.

THE HISTORY OF AUSTIN PEAY STATE UNIVERSITY

Austin Peay State University occupies a site that has served the cultural and educational needs of the Clarksville-Montgomery County area for more than 200 years. In 1806, the Rural Academy was founded at what is now the corner of College and Henry streets, and over the next century, several schools — Rural Academy, Mount Pleasant Academy, Clarksville Academy, Masonic College, Stewart College and Southwestern Presbyterian University — would come to occupy this campus.

In 1925, Southwestern Presbyterian University relocated to Memphis, becoming Rhodes College, and at 3 p.m. on Monday, April 25, 1927, Gov. Austin Peay signed a bill calling for a new teachers college in Clarksville. The bill became state law the next day, officially creating a two-year junior college and teacher-training institution. The school — Austin Peay Normal School — was eventually named in honor of the governor, a Clarksville native who died six months after signing the legislation.

In 1943, the normal school was renamed Austin Peay State College, and in 1967, became Austin Peay State University. The Tennessee General Assembly established the Center of Excellence for the Creative Arts at APSU in July 1985, and that program received a major boost a few months later when country music legend Roy Acuff generously endowed a chair of excellence. In July 1986, the university opened another specialized program — the Center of Excellence for Field Biology.

Today, Austin Peay offers exceptional doctoral, master's and undergraduate degree programs to approximately 10,000 students on the 195-acre campus in downtown Clarksville. In 2016, the Tennessee General Assembly passed the FOCUS Act, calling for the establishment of an institutional board of trustees for Austin Peay and the other five

universities previously governed by the Tennessee Board of Regents. On March 30, 2017, the inaugural Austin Peay State University Board of Trustees held its first meeting.

COMMENCEMENT SYMBOLS AND TRADITIONS

The Presidential Medallion

The Presidential Medallion signifies position, authority and trust and was designed to be worn by Austin Peay State University presidents at all ceremonial occasions. The bronze medallion, encircled by a laurel wreath, features the university seal. Printed in relief around the border are the words, "The Seal of Austin Peay State University," and the founding date, 1927, is located at the lower edge. The seal's open book and burning torch stand in relief within a second, inner circle. The lighted torch symbolizes the flame of knowledge, and the book represents the accumulated knowledge of the world. The seal's location within the circle symbolizes the continuity of truth through learning. The medallion is suspended by an engraved succession chain honoring all presidents of the university.

The Ceremonial Mace

Originally, the mace was a weapon of offense carried into battle by medieval bishops. Today, it is a symbol of authority.

Austin Peay State University's mace was originally designed and crafted by Dr. James Diehr for the 1988 inauguration of Dr. Oscar Page, APSU's sixth president.

Then a professor of art, Diehr created the mace from oak — a material that, like education, is known for durability and ageless qualities. The mace design incorporates the seal of the university, keys symbolizing strength and knowledge and a lantern shining forth the light of learning. The crest on top of the mace is a polished brass miniature of Diehr's sculpture, "Gateway," which stands in front of the Browning Administration Building.

Academic Regalia

The academic gowns donned for today’s ceremony are patterned after those worn during the Middle Ages in European universitas — informal gatherings of teachers and students who came together to study. During the 12th and 13th centuries, universities typically occupied unheated buildings. To keep warm, students and teachers wore large, heavy robes that generally included a hood or cowl for covering the head during inclement weather. The distinctive gowns also set the students and teachers apart from their fellow citizens.

The current academic attire originates from the University of Oxford and Cambridge University, both in England. Evolving over the course of more than 600 years, Oxford’s colorful regalia is composed of heavily embroidered silk.

Until the mid-1800s, faculty and students at most United States universities wore gowns on a daily basis. Today, we find three basic types of gowns.

The bachelor’s degree gown is made of a black worsted material and features a stiff yoke. Worn closed, it is distinguished by long, pointed sleeves.

The master’s degree gown is designed to be worn open and, like the bachelor’s gown, has a stiff yoke. The long, rectangular sleeves have an arc cut from the bottom front. The sleeve is closed at the bottom and the wearer’s forearm protrudes through a slit near the elbow.

The Doctoral degree gown is silk with full sleeves. Worn closed, the gown shows wide velvet facing down the front. Sleeves are trimmed with velvet bars. The velvet trim may be either black or the color distinctive to the discipline in which the wearer earned the degree.

The hood is an outstanding feature of academic regalia. The exterior is black and the interior lining displays the colors of the institution that conferred the degree. A velvet border indicates the discipline.

The headpiece is black and generally consists of a tight-fitting cap attached to a stiff square called a mortarboard. The tassel is worn on the left front quarter of the cap. The style or color of the tassel has no assigned meaning.

Academic Honors

Undergraduate students who have earned a grade-point average of 3.90 to 4.00 will graduate summa cum laude. Students who earn a grade-point average of 3.70 to 3.89 will graduate magna cum laude. Students who earn a grade-point average of 3.50 to 3.69 will graduate cum laude. Graduate students who earn a grade-point average of 3.85 or greater will graduate with honor. Listed honors reflect grades earned prior to the current semester.

Gonfalons

Today, faculty marshals from each college are leading the graduates into the Dunn Center. These faculty members carry what are known as gonfalons. Banners such as these have been used since medieval times in graduation ceremonies to symbolize the different academic areas within a university.

The college seals on each gonfalon were designed by the Austin Peay State University Public Relations and Marketing staff with input from the college faculty. The symbols within the seals represent the programs within each college. The Browning Building, which is the administrative center of the university, serves as the backdrop for each gonfalon.

APSU National Alumni Association

The Austin Peay State University National Alumni Association is composed of more than 100,000 alumni - both graduates and former students - and is represented by more than 30 active alumni chapters.

Members of the APSU National Alumni Association receive a complimentary subscription to the Austin Peay Magazine, a free APSU email account for life, e-newsletters and special invitations to events and programs like Homecoming, Candlelight Ball, alumni receptions/reunions and alumni travel.
