### Pillars of Excellence Program 2026

## **What is the Greek Pillars of Excellence Program?**

- APSU's Greek Pillars of Excellence Program (GPEP) is the process of reviewing chapters for the attainment of minimum expectations as well as chapter-focused outcomes. The purpose is to ensure chapters are relevant to their inter/national organization, governing council, and Austin Peay State University.
- **All chapters are required to take part in this program. Chapters not fulfilling the Foundations or not participating, including but not limited to not submitting the chapters' Pillar Plan on time and not submitting Goal documentation on time in the Pillars, will be adjudicated accordingly, which may result in disciplinary action, including but not limited to probation, suspension, and loss of recognition.**

## **How does my chapter develop a GPEP plan?**

- Each year, chapters will set goals with their FSA liaison for the upcoming calendar year.
- Chapters will review their own inter/national organization's mission and demonstrate that they are achieving outcomes in relation to their mission.
- Chapters should consider the directives and goals of their inter/national organizations as they relate to the pillars of excellence when demonstrating their achievement of outcomes.

## **How will my chapter's Pillars of Excellence Plan be evaluated and reviewed?**

- Each chapter will submit and present a Greek Pillars of Excellence plan annually to the GPEP Committee.
- Chapters must submit sufficient documentation proving that they completed the goals on their Pillar of Excellence Plan.
- The GPEP Committee will evaluate achievement of chapter goals as defined in the chapter's one-year GPEP plan.
- Chapters will achieve pillar(s) by meeting 75% of their goals under each pillar.

## **What happens if my chapter "needs improvement"?**

- Underperforming chapters will improve chapter outcomes in the deficient area(s) with guidance from the Assistant Director of Student Life & Engagement and may result in adjudication.
- **Chapters must show signs of improvement** to be recognized as a Greek Pillar of Excellence organization
- **Improvement is defined as utilizing your plan from last year to show current improvement as it relates to your Greek Pillars of Excellence review this year.**
- Chapters underperforming for **greater than one year without signs of progress** will be further reviewed, and will be adjudicated, which may result in chapter recognition being revoked.

## **What is the timeline for the Greek Pillars of Excellence Program?**

- **January/February:** Chapters will formulate and review their plan with advisors and past leadership to begin implementing their chapter's Greek Pillars of Excellence plan.
- **January – December:** Chapters will meet with their FSA Chapter Liaison regularly and continue to work towards chapter outcomes outlined in their Greek Pillars of Excellence Plan. Chapters will submit documentation for goal completion throughout the year.
- **Following January:** Chapters will prepare and present their Greek Pillars of Excellence plans to the GPEP Committee.
