Subject: Re: Mission and Vision meeting

Good morning!

Our vision and mission feedback from HHP faculty members is due today (Amanda is compiling the feedback and will get it to us soon) and I thought it would be a good idea to schedule a meeting so we can finalize our mission and vision recommendations.

We are supposed to present our recommendations next Wednesday during the department meeting, so we'll need to meet before then. My availability is:

Wednesday 4/6 from 1-3pm

Thursday 4/7 from 10:30-11:15am

Monday 4/11 from 9-10am and 12:30-3pm

If you could respond back and let me know what your availability is on those days, I'll find a common time and send a calendar invite.

Thanks!

~Kadi

Would you all be able to meet at 2:30 rather than 2? The search committee I am on just scheduled interviews (zoom) tomorrow from 12:45 to 2:30 PM. I am so sorry about this!

	APSU	HHP Current	Proposed
Mission	Austin Peay State University is a mission-driven, community-minded institution that provides transformational experiences through innovative, creative, and scholarly activities. We welcome and inspire an inclusive community of learners to make a positive impact regionally and globally.	The Department of Health and Human Performance faculty strive to be the regional leaders in providing inclusive learning environments that foster critical thinking, creativity, innovation, and competency to meet the professional needs and well-being of all students.	The Health and Human Performance Department serves as a pathway to a variety of degrees, all which foster critical thinking, creativity, innovation, and competency to meet the professional aspirations and well-being of every student.
Vision	We will be the region's university of choice for those seeking to improve their lives. We will achieve this vision through student-centered teaching, unique developmental opportunities, and our focus on innovative research and public service.	The Department of Health and Human Performance envisions leading the preparation of competent professionals who generate meaningful, high-impact scholarship and influence the well-being of communities they serve.	The Health and Human Performance Department will lead in the preparation of competent professionals who demonstrate meaningful, high-impact scholarship and positively influence the well-being of communities they serve.

Questions to think about?

-Why do we exist?

-Who do we serve?

-How do we serve? (Values)

-What do we provide? (How are we different from other institutions?)

-How do we align with APSU's statements?

Brainstorming notes on how we are unique:

We offer a variety of programs/concentrations, including pre-professional programs.

Pathway to a variety of professional opportunities.

Collectively serve students to find their pathway

Faculty seek to cultivate a student-centered environment that focused on all aspects of student wellness

Work/life balance is valued amongst faculty members and is encouraged amongst students

Thanks everyone for getting back to me. It seems like next Wednesday afternoons are a common time for us. Could we try to meet either right after the department meeting next Wednesday or between 1-3pm on 2/1?

Subject: HHP Mission/Vision

Hi all,

I hope your first day of the semester is *off* to a good start! I'm reaching out to see if you are still willing to look at our HHP mission and vision as a small group to see if we need to make further revisions, and if so, I'd like to schedule a meeting to get started. If you can, please respond sometime this week to let me know if you're still interested in being on the committee and if you have any preferences for meeting days/times. Once I hear from everyone, I'll work on scheduling a meeting.

Thanks!

~Kadi
