FIELD AND PLACEMENT TERMINOLOGY

Counselor trainee: Department of Psychological Science and Counseling student seeking or fulfilling practicum and/or internship experiences.

Clinical Coordinator: School Counseling faculty member with responsibility for coordinating clinical courses, including field site placements for practicum and internship. The Clinical Coordinator coordinates and manages clinical field placements for practicum and internship students, ensuring placements meet programmatic and professional standards. They develop and maintain partnerships with clinical sites and establish new placement opportunities to support student learning and program growth. The Clinical Coordinator ensures that clinical policies and procedures align with university requirements, CACREP standards, and state licensure regulations.

The Clinical Coordinator supports students in securing appropriate placements and analyzes site and student experiences to inform ongoing improvement of clinical training. They collaborate with site supervisors to maintain high-quality clinical experiences and provide professional development opportunities for site supervisors. The Clinical Coordinator also serves as the primary liaison for clinical placement-related inquiries, maintains accurate placement records, and updates contact information in ELC.

Field Placement Site: School setting where counselor trainees provide counseling and counseling-related services under supervision from both the field site and the Department of Psychological Science and Counseling at Austin Peay State University.

Practicum: An *initial supervised* field experience course in which the counselor trainee develops basic counseling and conceptual skills and integrates professional knowledge under close supervision. Practicum includes a field placement at a site consistent with the student's selected emphasis area: PreK-12 School Counseling. During the practicum, the student engages in a broad range of activities similar to those provided by a professional school counselor. Participation in all aspects of the school counseling profession is highly structured and supervised at this stage of the counselor trainee's field experience. Practicum is completed in one semester and earns 3 semester hours credit; and requires 120 clock hours divided among the elementary, middle, and high school levels. Note: Observation and participation in regular education classroom teaching experiences may be included in the requirements of the practicum based on the level of prior teaching experience of the counselor trainee.

Internship: An *advanced supervised* field experience course (following practicum) in which the student refines and enhances counseling and conceptual skills and integrates professional knowledge under close supervision. Internship includes a field placement setting consistent with the student's selected emphasis area, school counseling. Internship approximates a full-time counseling position and is considered the "capstone" experience in the counseling program. Internship requires 600 clock hours divided among the elementary, middle, and high school levels. A student may enroll for internship for 6 credit hours for one semester. 3. Internship requires facilitation or co-facilitation of a counseling group that meets for at least four sessions. In accordance with the CACREP standards each student's internship must include the following:

Field Experience Hours: The activities making up the practicum and internship experiences are counted as hours in direct service, indirect service, and supervision at the field placement site and on campus. Direct service hours may be recorded (video/audio tape) during the internship.

Direct Service involves hours of actual student contact; consultation with other professionals or parents; trainee case presentations at meetings/classes. Direct service hour requirements should consist of approximately 40% of total clock hours during the practicum/internship experience, as

follows:

Practicum = 48 hours
Internship = 240 hours

School Setting: individual and group counseling; classroom and large group curriculum instruction; consultation.

Indirect Service involves hours of preparation for student contact. Generally speaking, indirect service is anything that SUPPORTS the direct delivery of service to students.

School Setting: information assessments and observations, field site supervisions, record keeping and review, tape review, case conferences, informal assessments and observations, program coordination, and after-hour school meetings and conferences.

Supervision: A tutorial and mentoring form of instruction in which the supervisor monitors the counselor trainee's activities and facilitates learning and skill development. Supervision in practicum and internship courses is provided by:

Field Site Supervisor: An experienced counselor familiar with the particular school in which the counselor trainee is working. The site supervisor must be readily accessible to the counselor trainee located in the same building, and provide an average of one hour per week of individual/triadic supervision through the fieldwork placement. A qualified field site supervisor **MUST** have the following:

- 1) A master's degree in counselor or counseling-related field;
- 2) A minimum of 2 years post-masters experience in school counseling;
- 3) A field supervisor for a school setting **MUST** be a fully licensed school counselor in the state in which they are employed.

Faculty Instructor/Supervisor: The instructor for the practicum/internship course. All faculty members hold appropriate licenses and certification for the relevant fields. The faculty instructor/supervisor leads a minimum of 1 ½ hours of group supervision per week in class, and may provide individual supervision in practicum/internship.

Licensed School Counselor: An individual who holds a Tennessee (or Kentucky) School Counselor license. School counselor licensure is regulated by the state Department of Education.

Experiential Learning Cloud (ELC): An online platform used for field placement supervision. This online system streamlines the placement process through online administration of formal site and student contracts, simplifies the supervision (and signing off) of supervisee hours and activities, and automates the process for submitting student evaluations.

CACREP and CAEP: The school counseling program at Austin Peay State University is designed to meet the Standards of CACREP (Council for Accreditation of Counseling and Counseling-Related Educational Programs), CAEP (Council for the Accreditation of Educational Programs), ASCA (American School Counselor Association), and the Tennessee Framework for School Counseling Programs. The school counselor training program is reviewed on a regular basis by CAEP.

GENERAL GUIDELINES & POLICIES

All counselor trainees are expected to read these guidelines and policies prior to application for practicum or internship classes. All trainees are expected to follow these guidelines and policies.

The Application Process

You must apply for Practicum or Internship at least one semester prior to the term in which you intend to enroll. Deadlines for the application are as follows:

Deadline for Fall Practicum/Internship: March 15

Deadline for Spring Practicum/Internship: September 15

You must apply for practicum or internship for each term in which you intend to enroll. A copy of the application form can be found in the Handbook appendices. Students must complete the application in the ELC system. Contact the School Counseling Clinical Coordinator (gibsone@apsu.edu) if you need assistance.

A meeting for all beginning practicum and internship students is held each fall and spring, approximately two weeks after the application deadline. At this meeting, the requirements of the field experience will be reviewed, particular school sites discussed, and questions answered.

Eligibility & Pre-requisites for Practicum/Internship

The following criteria exist for enrollment in Practicum (COUN 5640) and Internship (COUN 5725):

- Program of Study for School Counseling on file in advisor's office and in College of Graduate Studies
- Obtaining a grade of **no less** than a "B" in **ALL** pre-requisite courses.
- Positive Student Progress Evaluation on record in advisor's office.

The following course must be satisfactorily completed prior to the beginning of the Practicum:

- COUN 5000: Research & Evaluation in Counseling (3)
- COUN 5110: Life Span Development (3)
- COUN 5150: Foundations of School Counseling (3)
- COUN 5160: Counseling Children and Adolescents (3)*

* Classes may also be taken concurrently with the first semester of Internship.

Attendance, Participation, Restrictions

Practicum/internship trainees are expected to attend **all** class and supervision meetings (group, individual, on-site, off-site). Be prompt and be prepared. Trainees should develop a schedule with their field sites regarding attendance and come prepared to fully participate in the field site experience.

- Practicum trainees should plan to spend 12-15 hours a week at their field site.
- Internship trainees who are enrolled for 6 semester hours of internship should spend approximately 40 hours per week (no more than 50) for the 15-week semester. If the 200 clock hours on each level are not completed by the end of the APSU semester, your grade will be turned in as an IP (In Progress). When the 600 hours are completed and all of the required forms have been submitted to the University supervisor, a form will be submitted to the Registrar of the University, changing the IP to a letter grade.

Supervisors and field sites must be notified in a timely manner if you will be delayed or will miss attendance as expected. It is the responsibility of the trainee to arrange make-up supervision sessions. Consistent failure to report to your assigned school, miss class or supervision meetings, or repeated tardy arrival to any of these may result in the trainee receiving a failing grade for the practicum or internship. **Our relationship with the school counselor supervisors is very important and any action on the part of the trainee that may jeopardize that relationship will not be tolerated. Removal from practicum/internship will result in a failing grade in the course.**

Note: School Counselor trainees are not permitted to make home visits without the site supervisor during their practicum and/or internship. Counselor trainees must always have immediate access to a professional colleague or the site supervisor for consultation and support when at their field sites. Trainees may not work alone in a building at their field sites.

Professional Demeanor

Counselor trainees should conduct themselves in a professional manner in dress and behavior at their field sites. Consult with your field supervisor about appropriate dress. The counselor trainee's professional demeanor must be consistent with the current ethical guidelines of the American Counseling Association and/or the American School Counseling Association, as well as the guidelines set by the school system and the site supervisor. Appropriate professional boundaries should be maintained at all times.

Documentation

It is important that counselor trainees carefully manage the documentation required for practicum and internship. The numerous forms are designed to facilitate your learning process and verify information for APSU records, CAEP and CACREP accreditation review, and licensure and certification. Many of the forms you will be using this semester will remain in the Department of Psychological Science and Counseling Department file as verification of your field experience coursework. It is in your best interest to complete all required documentation in a timely and efficient manner. Complete these forms with integrity and honesty.

Trainees should retain a copy of all completed forms submitted to the School Counseling Clinical Coordinator during practicum and internship.

Supervision

A critical element in the practicum/internship experience is the extensive supervision received by the counselor trainees. Counselor trainees are expected to share client cases and professional issues for review and discussion in individual supervision with the faculty supervisor (individual and group supervision), their field site supervisor (site supervision), and their peers (group supervision during class). The specific format for supervision varies with the supervisor and is geared to meet the specific needs of the trainee. Triadic supervision (2 supervisees and one supervisor) may sometimes be used in place of individual supervision. Missing supervision meetings or being unprepared for supervision will result in an unsatisfactory grade. A defensive or non-receptive position regarding supervision is unacceptable behavior and will seriously impair the trainee's progress through the clinical sequence.

Confidentiality

Counselor trainees are responsible for maintaining the confidentiality of all information related to their clients (elementary, middle, or high school students). Trainees must understand the confidentiality practices of their field sites and maintain documentation in a secure manner.

- Do not identify students by full names in practicum/internship documentation (e.g. notes, case presentations, etc.) except for taping consent forms. Instead, use first names, initials, or some other coding method.
- Never fax/email anything with client names.
- Do NOT discuss clients over email. Instead, indicate to your supervisor that you wish to discuss a client situation and arrange to do so via meeting or phone conversation.

The maintenance of client confidentiality extends to classroom discussion and viewing or listening to recorded counseling sessions. Never discuss clients outside the classroom or with anyone other than your supervisors, APSU counselor education faculty members, and professionals at the field site.

Respect for Clients

Students who consent to receive counseling services from practicum/internship students are helping trainees to become effective counselors. Treat them respectfully. Students do not exist to serve the needs of trainees. It is inappropriate to keep seeing a student whose goals have been met or pull a student from class simply to meet your needs for recording or accumulating direct service hours.

Crisis Procedures

Counselor trainees must know the appropriate procedures at their field site regarding crisis situations (e.g. suicide, violent behavior). Trainees should notify their field site supervisors immediately of actual or potential crisis situations with clients and follow the supervisor's directives. In the event of a death (especially suicide or homicide) of a student, the counselor trainee must notify their practicum/internship faculty supervisor.

Professional Liability Coverage

Counselor trainees are required to obtain professional liability coverage (insurance) during practicum and internship. This is NOT homeowners insurance, but rather insurance that specifically addresses counseling services provided by a counselor trainee during practicum and internship. School counselors, including those employed on alternative licensure, are usually covered by their school district insurance, but you must check to be certain. A copy of your current insurance coverage should be given to the site supervisor (upon request) and

to the University supervisor for their files. Counselor trainees will find professional liability insurance easily obtainable at a reasonable cost. The American Counseling Association (ACA) and the American School Counseling Association (ASCA) are the easiest to obtain through their websites (www.counseling.org and www.schoolcounselor.org).

Background Checks & Criminal Records

All counselor trainees are required to complete a background check prior to fieldwork. Information about the background check will be discussed during the pre-fieldwork meeting. You may be denied a placement if you have a conviction record. Students with felony offenses are not permitted to conduct fieldwork in PK-12 schools. Additionally, students with misdemeanor conviction(s) or charge(s) involving illegal drugs or endangerment of a child with any resolution other than acquittal are not permitted to conduct fieldwork in PK-12 schools. Students are strongly advised to explore expungement options prior to background checks if they have derogatory marks on their record.

Removal for Cause of Trainee from Field Site

The counselor trainee may be removed from their field site placement for the following reasons:

- Failure to obtain and show proof of professional liability insurance
- Failure to function in a mature, responsible, and professional manner
- Failure to follow the ethical guidelines of the counseling profession
- Dishonesty regarding field placement log or contract or proper signed consent forms for taping
- Failure to maintain confidentiality of client records and/or client situations
- By request of field site administrator/field site supervisor

Removal from practicum/internship will result in a failing grade in the course and trigger a remediation plan. Major violations could result in removal from the Counseling Program. Students can appeal academic decisions by following the Graduate Appeal Processes in the Graduate Bulletin.

Audio and Video Recorded Counseling Sessions

Counselor trainees are expected to video or audio record several counseling activities during their field placement. Trainees will present portions of their taped sessions for review during supervision meetings with faculty supervisors and/or during group supervision (class). Individual instructors will give directions regarding how many tapes will be required, session critique forms, and related matters. Signed consent forms (provided elsewhere in this Handbook) must be completed before any taping is done and must accompany any recordings submitted for a grade or review. Additional suggestions regarding recording equipment are found elsewhere in this Handbook.

Field Placement Policies

Counselor trainees must make a separate application to the School Counseling Program Coordinator for each semester of field placement and provide all requested documentation in a timely and efficient manner. See Application document elsewhere in this Handbook.

Counselor trainees must meet all course requirements, including documentation, as required by the Department of Psychological Sciences and Counseling, the College of Graduate Studies, and faculty. Counselor trainees may not enroll in practicum or internship until the required number of hours has been completed.

Trainees must complete their practicum/internship experience in a setting appropriate to their selected program of specialization. The setting must provide a wide range of opportunities appropriate to the role of a professional school counselor. Trainees must complete their practicum/internship experience in a school setting under supervision of a licensed school counselor. Trainees cannot document over 50 hours per week.

Selecting a Practicum/Internship Site

Students' practicum/internship faculty supervisor will assist them in selecting a practicum/internship site. All practicum/internship site supervisors must be fully licensed, have worked as a school counselor for a minimum of two years, and have completed, at minimum, the APSU site supervisor training prior to supervising a practicum/internship student.

Students will submit a placement request to the faculty supervisor in the semester preceding fieldwork. The faculty supervisor will meet with the school system lead counselors to evaluate fit, then lead counselors will seek approval from potential supervisors and school principals. Final placements will be determined by the lead counselors then forwarded to the faculty supervisor for dissemination.

Neither the Department of Psychological Science and Counseling nor the counseling faculty can guarantee that a trainee will be accepted by a particular field placement site. Also, it cannot be guaranteed that a trainee will complete the required hours in a given semester.

Completing Internship Hours at Your Job Site

Occasionally, internship students are able to secure a job at a school prior to completing their field experience. In these situations, students must pass the PRAXIS II exam (#5422) and secure a transitional license from the state. A passing score is 159. Students may find more information on the PRAXIS here: <https://www.ets.org/praxis/site/test-takers/resources/prep-materials.html?examId=5422>.

Students pursuing this option must receive prior approval from their APSU supervisor. They must be able to complete the full range of required experiences at the job site. Should this not be possible, students must establish a specialized learning contract describing how they will fulfill the required experiences through specific projects (e.g. grant-writing, needs assessment, program development and evaluation) which are beyond the scope of their current employment responsibilities. Consult with your APSU supervisor to plan specialized learning contract. Please note: All direct contact hours must be met.

PERSONAL DISPOSITIONS

A disposition is an embedded personality trait that is displayed in a person's temperament continuously over time. School counselor trainees are expected to behave professionally, as described in the dispositions, both within and outside the classroom. It is the responsibility of the counselor education faculty to monitor and provide feedback to students who display characteristics that may adversely influence their effectiveness as a school counselor, and to identify strategies for rectifying these behaviors. The program faculty has identified the following personal dispositions as those that are desired by counselors for personal and professional success, and each student will be provided opportunities to self-reflect and demonstrate each of these traits (adapted from Ladany, Hill, Corbett, & Nutt, 1996).

- Commitment
- Investment
- Counselor identity
- Advocacy
- Professional excellence
- Civic engagement
- Scholar/practitioner

THE PRACTICUM/INTERNSHIP EXPERIENCE

The Initial Contact:

When you have an initial contact with school personnel you should conduct yourself as you would if you were seeking employment or being interviewed for a job. Appropriate dress is required. If you are uncertain of what is acceptable attire, ask the school site supervisor. School personnel have the authority to approve or reject your placement! Once you have been notified of your placement, keep in mind that your site will not be changed unless there is a unique situation. Contact the supervisor and schedule a time to meet AFTER the first class meeting (unless otherwise instructed).

Take the time to meet with your supervisor to get the information that is needed to answer each of the questions. The information you receive will give you a better understanding of the supervision expectations.

- a. What personal goals do you wish to accomplish during the supervisory process?
- b. What professional goals do you wish to accomplish during the supervisory experience?
- c. What strategies need to be selected to meet the identified goal (s)?
- d. How often will you and your supervisor meet? How long? Where?
- e. If conducting counseling sessions, will they be audio or videotaped? Who will see/hear the tapes? How will confidentiality be maintained? How will informed consent be obtained? Is a private room available for meeting with students and/or parents?
- f. How will the supervision sessions be structured? What is expected of the supervisor/counselor trainee?
- g. What are the procedures for emergency situations? Who needs to be contacted?
- h. What evaluative procedures will be used?
- i. How are the practicum hours to be organized? Group work? Class lessons? Parent consultations? Individual counseling?
- j. How often will the program supervisor visit the field site?
- k. What assessment tools will be used to determine counselor intervention/strategy effectiveness?
- l. What are the identified procedures for disputing evaluations in which there is a disagreement?
- m. What are the procedures for absences and tardiness?
- n. Who needs to be contacted when there is a crisis and the site supervisor is unavailable?

Supervision Requirements:

Supervision is a vital component of the practicum/internship field experience. Your supervisor will be expected to participate in supervision with you for at least 1 hour per week throughout your experience. The primary supervision should be conducted on an individual basis, although it is appropriate for a supervisor to meet with two students at one time.

You are expected to attend all supervision meetings on a weekly basis. It is your responsibility to come to all supervision meetings prepared. This means all required paperwork, audio/video recorded sessions, questions/concerns, or other requirements should be completed and ready to present.

Site Supervision

Your site supervisor will be given guidelines for their responsibilities for practicum and internship supervision. Most site supervisors have worked with many counselor education students over the years and are extremely comfortable with the process. It is important for you to be aware of what the supervisor will be expected to do, and what they will be expecting of you.

Site Supervisor Qualifications

Your supervisor must have a master's degree in counseling or a closely related field; appropriate licensure/certification as a professional school counselor; and, must have at least two years of

experience as a school counselor beyond the master's degree. In addition, supervisors must have completed formal training in supervision skills and techniques. Refresher trainings are recommended every three years.

Evaluation

Your site supervisor will be responsible for evaluating your performance in a written format to be submitted to your APSU practicum/internship supervisor at the mid-term and at the end of the practicum/internship experience. Additionally, you will evaluate your site supervisor and placement sites. A copy of all evaluation forms are provided in the Appendices. All evaluations should be completed in ELC.

Communication

During the practicum and internship experience, the APSU faculty supervisor will email/phone your site supervisor at the beginning of the semester or field experience. If the site supervisor or placement site has had no previous affiliation with APSU's M.S. in Counseling Program, a site visit will be arranged at the convenience of the site supervisor and APSU supervisor. Additionally, the APSU supervisor will consult with the site supervisor during mid-semester and at the end of the semester to further discuss your progress. **Please note: ongoing consultation will occur throughout the semester as appropriate for the student, site supervisor, and university supervisor.**

Faculty Supervision

Practicum/Internship Meetings

During your practicum/internship you will meet for 1 ½ hours per week in individual or group supervision with your APSU faculty supervisor. During these sessions, the focus will be on individual and group supervision of your counseling skills, sharing and receiving feedback on your experiences, discussion of current topics in school counseling, and in further developing your skills as a professional school counselor. You are required to attend **all** individual and/or group supervision sessions for the duration of the 15-week semester. Separate supervision sessions are held for practicum and internship students. Each supervision group will include no more than 12 students.

Evaluation

Your APSU supervisor will evaluate your performance as shown in your participation in group supervision. Additionally, with recommendation from your site supervisor, your APSU supervisor will assign your final grade in practicum/internship.

Communication

During the practicum and internship experience, the APSU supervisor of the course will email/phone the site supervisor at the beginning of the semester, then arrange a site visit at the convenience of the site supervisor and APSU supervisor (as needed). Additionally, the APSU supervisor will consult with the site supervisor during mid-semester and at the end of the semester to further discuss student progress. **Please note: ongoing consultation will occur throughout the semester as appropriate for the student, site supervisor, and university supervisor.**

PROFESSIONAL ORGANIZATIONS

American Counseling Association

<http://www.counseling.org/>

The American Counseling Association (ACA) is an organization of counseling professionals who work in educational, health care, residential, private practice, community agency, government, and business and industry settings. Its mission is “to enhance human development throughout the life span and to promote the counseling profession.” The website contains links to divisions, conference information, an online newsletter, and information for the public.

American School Counselor Association

<http://www.schoolcounselor.org/>

The American School Counselor Association (ASCA) supports school counselors' efforts to help students focus on academic, personal/social and career development so they achieve success in school and are prepared to lead fulfilling lives as responsible members of society. ASCA provides professional development, publications and other resources, research and advocacy to more than 25,000 professional school counselors around the globe.

Codes of Ethics

In general, the codes of ethics of the major professional organizations do not make distinctions in ethical behavior of clinicians when treating mental disorders versus other kinds of problems.

SUPERVISOR APPRECIATION

Thank you Internship Supervisors!

We greatly value your willingness to volunteer to supervise our internship students. As a way of thanking you for your service, Austin Peay State University provides a small stipend of \$50 for every 200 clock hours that an individual supervises. In order to receive this gift, you must complete the **School Counselor Supervisor Substitute W-9 Form** found in the appendices and return the form to the School Counseling Clinical Coordinator at:
PO Box 4537, Clarksville, TN 37044.

Please note that any personal information the supervisor provides will be kept confidential.
Please call (931) 221-7233 or (931) 221-6224 if you have questions.

Introduction to Supervision Contract

This document is intended to establish the roles and responsibilities of supervision for the faculty supervisor, site supervisor, and student in order to best assist in the student's professional development and to protect the client.

Department of Psychological Science and Counseling

1. Provide an orientation for site supervisors at least once a year
2. Provide assistance, consultation, and professional development opportunities to site supervisors as needed

Faculty Supervisor Qualifications, Roles and Responsibilities

1. Has a doctoral degree and/or appropriate counseling preparation, preferably from a CACREP-accredited counselor education program.
2. Has relevant experience and appropriate credentials/licensure and or demonstrated competence in counseling.
3. Has relevant supervision training and experience.
4. Will provide a safe environment for student growth within group supervision
5. Will assist in the development of goals and tasks to achieve in supervision specific to assessed competencies
6. Will identify and build upon supervisee's strengths as defined in competency evaluations.
7. Will monitor student counter-transference and provide a safe place for discussion
8. Will monitor student self-care based on student report and student performance.
9. Will identify strains or ruptures in the supervisory relationship.

10. Will communicate with site supervisors on a regular basis beginning with an initial contact at the beginning of the placement, a mid-term communication, and at the end of the trainee's practicum experience.
11. Will provide an average of 1 ½ hours per week of individual/triadic/group supervision on a regular schedule throughout the Practicum experience.
12. Will observe a student's interactions with clients through audio/video recordings and/or live supervision.
13. Will provide regular feedback to students they supervise about their development as counselors.

Site Supervisor Qualifications, Roles and Responsibilities

1. Has a minimum of a master's degree in school counseling, or related profession with equivalent qualifications, including appropriate certifications and/or licenses.
2. Has a minimum of two years of pertinent professional experience as a school counselor.
3. Has relevant training in counseling supervision.
4. Is knowledgeable of the program's expectations, requirements, and evaluation procedures for students.
5. Has participated in a supervision orientation offered by the Department of Psychological Science and Counseling.
6. Will take advantage of assistance, consultation, and professional development opportunities provided by the counseling program faculty as needed.
7. Will continue to pursue supervision training to maintain and cultivate competency in this area.
8. Will orient the student to the mission, goals, objectives, and procedures of the site/school counseling program.
9. Will negotiate Practicum hours and responsibilities with the student, utilizing this agreement as a starting point.
10. Will develop goals and objectives with the student for their experience early in the Practicum experience.
11. Will provide weekly interactions with each Practicum student that averages 1 hour per week of individual and/or triadic supervision throughout the Practicum experience.
12. Will regularly observe a student's interactions with clients through audio/video recordings and/or live supervision.
13. Will ensure that there is a certified school counselor on-site and available whenever school counselors-in-training are seeing clients. In addition, site supervisors must accompany students on all home visits or any direct service outside of the school.
14. Will electronically complete formal evaluations of student's performance. Site supervisors will discuss evaluations with the student, and will sign the evaluation along with faculty supervisors and students. Supervisors will complete one evaluation if the student is onsite for 40 hours and two evaluations (mid-term and final) if the student is onsite for more than 40 hours.
15. Will meet with faculty supervisors upon request and communicate student's progress at regular intervals throughout the Practicum experience, as requested by the faculty supervisor, e.g., by email or phone call.
16. Will communicate any concerns regarding supervisee's performance or behavior to faculty supervisor as soon as possible.
17. Will provide students an opportunity to obtain a minimum of 40% of the practicum hours (e.g. 16 hours of a 40 hour placement) in the form of direct service with clients.
 - a. Direct Service = Individual counseling hours + career counseling hours + group counseling hours + intake and assessment hours + crisis intervention hours + school counseling core curriculum teaching hours.
 - b. School counselors-in-training will have opportunities to make audio/video recordings for use in both faculty and site supervision.
18. Verify and electronically sign student logs weekly which document the student's completion of hours.
19. Discuss and model ethical and legal behavior, specifically in the areas of client confidentiality and necessary breach of confidentiality.
20. Complete the Emergency/Crisis Management form with supervisee.

CACREP Competency Expectations

It is expected that supervision will occur in a competency-based framework. Below you will find the course objectives that the supervisee is required to achieve in the course. Supervisees should self-assess clinical

competencies (knowledge, skills, and values/beliefs), and supervisors should compare supervisee self-assessments with their own assessments based on observations and discussion of supervisee's work.

Supervisors should observe, evaluate, and strive toward developing supervisee's growth in the following CACREP standards:

Practicum Course Objectives

STANDARD	OBJECTIVE
5.H.14	Apply techniques of social-emotional and trauma-informed counseling in school settings
5.H.15	Utilize evidence-based and culturally sustaining interventions
5.H.4	Design and evaluate culturally-affirming school counseling programs
5.H.12	Exhibit skills to screen students for characteristics, risk factors, and warning signs of mental health and behavioral disorders

The Practicum Student's Roles & Responsibilities

The Practicum Student understands the following:

1. A supervised Practicum experience must total a minimum of 120 clock hours over a minimum 15-week academic term.
2. Practicum includes at least 40% of time in direct service with actual clients (e.g. 16 hours of a 40 hour placement, 24 hours of a 60 hour placement, or 48 hours of a 120 hour placement) that contributes to the development of counseling skills.
 - a. Direct service with clients may include conducting initial intakes, individual counseling, group counseling, and school counseling core curriculum lesson delivery. Direct service may only include hours spent in the above mentioned capacities to actual clients at the agreed upon site. That is, work with "volunteer clients" or clients not affiliated with the site are not considered direct service and are not part of the supervised practicum experience. No more than 50% of the direct service can include group counseling/core curriculum lesson delivery hours.
 - b. Audio/video recordings must be made for use in supervision with faculty and potentially site supervisors. Students are responsible for providing audio/video recordings during class meetings, as indicated by the faculty and/or supervisor, in the approved format (e.g., GoReact recording).
3. Attend all individual/triadic/group supervision meetings with faculty supervisor; understand that if any supervision meeting is missed all counseling work must be suspended, until such time a supervision session can be scheduled.
4. In order to progress to Internship, all course requirements must be met with a minimum grade of B in the Practicum course.

Audio/Video Media and Security Agreement

1. All audio/video recordings of counseling session in COUN courses will meet HIPAA standards for security. This standard states that representatives must ensure the confidentiality of all electronic protected health information and protect against any threats or hazards to the security of such information.
2. Any audio/video recordings must be password protected and destroyed after use.
3. I have read and understand my responsibilities in referencing audio/videotaping, storage and destruction. Additionally, I understand my responsibilities include keeping my Practicum supervisor(s) informed of any irregularities occurring with the audio/video recording process during my practicum/internship.

Students are continuously evaluated during their Practicum experiences. This occurs during weekly supervision meetings when students receive feedback from supervisors and peers regarding their performance and formally at midterm and at the conclusion of the practicum/internship experience and the semester. Completed evaluations are discussed with the students by faculty and site supervisors, signed by students and supervisors, and placed in the students' practicum and internship files.

STATEMENT OF AGREEMENT

The contract may be revised at the request of the student or supervisor. Revisions will be made only with consent of student and approval of site supervisors and faculty supervisors.

We, _____ (student) and
_____ (site supervisor) and
_____ (faculty supervisor) agree to follow the
directives laid out in this supervision agreement and to conduct ourselves in keeping with the ACA/ASCA

5.H.15	Explain and implement evidence-based and culturally sustaining interventions that enhance students' academic development
5.H.16	Design and apply strategies that effectively increase student promotion and graduation rates

The Internship Student's Roles & Responsibilities

The Internship Student understands the following:

1. A supervised Internship experience must total a minimum of 600 clock hours over a minimum 15-week academic term (or 300 clock hours over two academic terms).
2. Internship includes at least 40% of time in direct service with actual clients (e.g., 80 hours of a 200-hour placement for a total of 240 hours of a 600-hour internship experience) that contributes to the development of counseling skills.
 - a. Direct service with clients may include conducting initial intakes, individual counseling, group counseling, and school counseling core curriculum lesson delivery. Your child has the opportunity to receive counseling services at (school) _____

The purpose of counseling is to help your child develop the skills to resolve difficulties that may be interfering with academic and personal success. Counseling is designed to assist your child in areas such as self-awareness, decision-making, improved behavior, social adjustment, and other needs as they arise. By participating in a short-term counseling process, they will, hopefully, learn how to work through their problems independently and become a more productive and motivated student.

These counseling services will be provided by a counselor trainee in the master's degree counseling program of the Department of Psychological Science and Counseling at Austin Peay State University. This trainee has completed advanced graduate coursework in counseling and is supervised at the school and by the University. Counseling interviews are recorded (audio or video) to help the counselor improve their skills and are erased by the end of the semester. All recordings are treated according to the Code of Ethics of the American Counseling Association and, therefore, confidentiality is guaranteed.

Your signature below indicates you are willing for your child to receive counseling services. If you are interested in more information or are concerned about your child's progress, please contact the counselor for consultation at the telephone number listed above.

Suggestions for Audio & Video Recording

It is the responsibility of counselor trainees enrolled in practicum and internship to supply a device for recording counseling sessions. *GoReact* is the approved recording platform and can be accessed via computers, tablets, or phone. Although *GoReact* is password-protected, the recording device should be as well (computer, tablet, or phone).

These recordings are the basis of individual supervision, group supervision, and evaluation leading to the final course grade. Video recordings are always preferable since it allows for visual review; however, some field placement sites will only allow audio recordings. Whatever format you use, remember that all recordings must be clearly audible.

There are some steps you can take to ensure you have the best recordings possible:

1. Laptop computers or iPads may be ideal recording methods. Be sure that the device is password protected.
2. Always check your equipment before a session to be sure it is working adequately. Recording devices should be aimed so as to include both counselor trainee and the client, not just the client. Remember to consider audio during camera placement.
3. All consent forms for taping must be signed **prior** to recording. Never tape a session if you do not have signed permission to do so. Provide copies of the consent forms to your supervisor/instructor when they receive a recording from you.
4. Label and store recordings securely. Never use a client name to label a recording; instead use some sort of code. The only people who should ever hear/see a counseling session tape are: your course instructor, your site supervisor, or your class. Do not review recordings where family members or friends can hear or see them. Be sure that your recordings are secure and password-protected.

You MUST dispose of all recordings by the end of the semester. Once you have reviewed them or used them for supervision/grade, be sure to dispose of them.

Practicum Evaluation Form

CHECK ONE: ☐ Site Supervisor Evaluation ☐ Trainee Self-Evaluation
Semester/Year: _____

Student Name: _____

Supervisor's Name: _____

School Site: _____

This evaluation provides 1) means for counselor trainee self-assessment, 2) feedback from the field site supervisor, and 3) data for faculty to discuss areas of progress and improvement.

Both students and supervisors complete this evaluation of supervisee performance in ELC.

Criteria: Use the following criteria to rate the counselor trainee's performance and growth during this placement.

1	Inadequate	Usually fails to meet minimum requirements in a satisfactory manner; performs at a level considerably below that expected of a practicum level trainee.
2	Below Average	Occasionally fails to meet minimum requirements in a satisfactory manner, performing at a level somewhat below that expected of a practicum level trainee.
3	Average	Usually meets minimum requirements in a satisfactory manner; performing as might be expected of a practicum level trainee.
4	Above Average	Always meets minimum requirements in a satisfactory manner, and performs at a level considerably above that normally expected of a practicum level trainee.
NB	No Basis	There is no basis on which to evaluate the trainee for the item in question.

The Faculty Supervisor will meet with students who have any scores below a 3.

Counseling Process/Skills/Conceptualization

1. Establishes and maintains therapeutic boundaries	
2. Quickly builds rapport and establishes effective working relationship with client.	
3. Works effectively with clients to establish and achieve counseling goals.	
4. Terminates counseling sessions effectively.

Directions for Keeping the Practicum/Internship Log

It is important to carefully and accurately record information on the Practicum/Internship Log in a timely manner. This document verifies the hours accumulated during practicum/internship so it is valuable when the counselor trainee seeks certification or licensure. Logs are kept permanently on file in the Department office. Your instructor may have additional directives for the Log. Please print a log (or keep a copy on your computer) so you can document your daily activities, but **be sure to submit all hours in Experiential Learning Cloud (ELC) on a weekly basis.**

Consider your total practicum/internship experience as 2 locations: Campus and the Field Site. Record the number of hours you fulfill in that activity each week.

Campus	Field Site
Group Supervision = 1.5 hours weekly with faculty supervisor (may be delivered as individual or triadic supervision)	<u>Direct Service</u> Client Counseling Contract e.g., individual, family, group counseling; consultation w/teachers, other professionals, or parents, school counseling core curriculum lessons
	<u>Indirect Service</u> Misc.: e.g., tape preparation; classroom/student observation; core curriculum classroom lessons/group session preparation; fair share activities; preparation for IEP/504/Parent meetings.
	<u>Site Supervision</u> 1 hour weekly session with field site supervisor

Be honest on your log as hours are subject to review.
