APSU Tutor.com Supported Courses

In a partnership between the Center for Academic Support & Enrichment (CASE) and Distance Education, Austin Peay State University (APSU) provides current on-campus and online undergraduate students with free access to online tutoring with Tutor.com in several courses. Online tutoring is available 7 days a week, 361 days a year (closed on July 4, Thanksgiving, Christmas, and New Year's Day). Most subjects are offered 24 hours per day. Visit the **online tutoring web page** for more information.

Accessing the Online Tutoring Portal

We use Tutor.com to provide this service; however, ***do not go to www.tutor.com***. Students and faculty access online tutoring through their **D2L courses** (Chrome and Firefox browsers are recommended). Here are **step-by-step directions in a PDF document** on how to access Tutor.com as an instructor, and the **steps are nearly identical for students**.
