Policy Statement

The Continuing Education Unit (C.E.U.) should be used as the basic means for recognizing an individual's participation in, and for recording an institution's offering of, non-credit classes, courses, and programs. A C.E.U. is defined as ten contact hours of participation in an organized continuing education (adult or extension) experience under responsible sponsorship, capable direction, and qualified instruction.

Procedures

The following criteria are to be utilized for the awarding of Individual C.E.U.'s:

- a. The non-credit activity is planned in response to an assessment of educational need for a specific target population.
- b. There is a statement of objectives and rationale.
- c. Content is selected and is organized in a sequential manner.
- d. There is evidence of pre-planning that should include opportunity for input by a representative of the target group to be served, the faculty area having content expertise, and Continuing Education personnel.
- e. The activity is of an instructional nature and is sponsored or approved by an academic or administrative unit of the institution best qualified to affect the quality of the program content and to approve the resource personnel utilized.

- f. There is provision for registration for individual participants and to provide data for institutional reporting.
- g. Appropriate evaluation procedures are utilized and criteria are established for awarding C.E.U.'s to individual students prior to the beginning of the activity. This may include the evaluation of student performance, instructional procedures, and course effectiveness.

Non-credit offerings that do not meet the Individual C.E.U. criteria should be accounted for only in terms of the Institutional C.E.U.; no Individual C.E.U.'s should be awarded. Normally these non-credit offerings will be less structured and more informal in nature.

Neither Individual nor Institutional C.E.U.'s normally should be used to recognize or account for participation in entertainment, social, or athletic activities. Institutional C.E.U.'s should meet the following criteria:

- a. The activity is a planned educational experience of a continuing educational nature.
- b. The activity is sponsored by an academic or administrative unit of the institution qualified to affect the quality of the program content and to select and approve their source personnel utilized.
- c. Record of attendance is required for institutional reporting use and the administrative unit for special activities will maintain a file of program materials. Attendance records may be in terms of an accurate headcount.

Continuing Education is the administrative component responsible for the Continuing Education Unit and has final approval for the number of C.E.U.'s to be issued for C.E.U. activities.
