3.2 Technical Proposal

- 3.2.1 The RFP Attachment 6.5, Technical Proposal and Evaluation Guide details specific requirements for making a Technical Proposal in response to this RFP. This guide includes mandatory and general requirements as well as technical queries requiring a written response.

NOTICE: A Technical Proposal must not include any pricing or cost information. This includes references to items that are included “free” or “at no additional cost”, etc. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the Technical Proposal, the Institution may deem the Response to be non-responsive and reject it.

- 3.2.2 Each Proposer should use the Technical Proposal and Evaluation Guide to organize, reference, and draft the Technical Proposal. Each Proposer must duplicate the Technical Proposal and Evaluation Guide and use it as a table of contents covering the Technical Proposal (adding proposal page numbers as appropriate). The order of the response to the Technical Proposal and Evaluation Guide must be preserved.

- 3.2.3 Each proposal should be concisely prepared, with emphasis on completeness and clarity of content. 4. GENERAL REQUIREMENTS & CONTRACTING INFORMATION

4.1 Proposer Required Review and Waiver of Objections

Each Proposer must carefully review this RFP and all attachments, including but not limited to defects, objections, or any other matter requiring clarification or correction (collectively called "comments"). All such Comments must be made in writing and received by the Institution no later than the Written Comments Deadline in the RFP Section 2, Schedule of Events. This will allow issuance of any necessary amendments and help prevent the necessity of cancelling the RFP.

Any proposed alternatives, revisions or additions to the Pro Forma Contract (Attachment 6.2) must be made in writing. **Should the Proposer fail to include proposed alternatives, revisions or additions to the Pro Forma by the Written Comments deadline and/or in its Technical Proposal Response, such alternatives, revisions or additions may not be considered.** A proposal that limits or changes any of the terms or conditions contained in the Pro Forma Contract may be considered non-responsive.

4.2 RFP Amendment and Cancellation

The Institution reserves the unilateral right to amend this RFP at any time. If an RFP amendment is issued, the Institution will communicate such amendment to the potential Proposers. Each proposal submitted must be in response to the final written RFP and any exhibits, attachments, and amendments.

The Institution reserves the right, at its sole discretion, to cancel and reissue this RFP or to cancel this RFP in its entirety in accordance with applicable laws and regulations.

4.3 Proposal Prohibitions and Right of Rejection

- 4.3.1 The Institution reserves the right, at its sole discretion, to reject any and all proposals in accordance with applicable laws and regulations.
- 4.3.2 Each proposal must comply with all of the terms of this RFP and all applicable state laws and regulations. The Institution may consider any proposal that does not comply with all of the terms, conditions, and requirements of this RFP to be non-responsive and reject it.
- 4.3.3 A proposal of alternate goods and/or goods and/or services (*i.e.*, a proposal that offers goods and/or services different from those requested by this RFP) shall be considered non-responsive and rejected.
- 4.3.4 A Proposer may not restrict the rights of the Institution or otherwise qualify a proposal. The Institution may determine such a proposal to be a non-responsive counteroffer, and the proposal may be rejected.
- 4.3.5 A Proposer shall not submit more than one proposal that offers the goods and/or services requested by this RFP. Submitting more than one proposal shall result in the disqualification of the Proposer unless specifically provided for in this RFP.
- 4.3.6 A Proposer shall not submit multiple proposals in different capacities. This prohibited action shall be defined as a Proposer submitting one proposal as a prime contractor and a second Proposer submitting a proposal with the first Proposer offered as a subcontractor. This restriction does not prohibit different Proposers from offering the same subcontractor as a part of their proposals, provided that the subcontractor does not also submit a proposal as a prime contractor. Submitting multiple proposals in different capacities may result in the disqualification of all Proposers knowingly involved.
- 4.3.7 The Institution shall reject a proposal if the Cost Proposal was not arrived at independently without collusion, consultation, communication, or agreement as to any matter relating to such prices with any other Proposer. Regardless of the time of detection, the Institution shall consider any of the foregoing prohibited actions to be grounds for proposal rejection or contract termination.
- 4.3.8 The Institution shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:
 - 4.3.8.1 An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;
 - 4.3.8.2 A contract with or a response from a company, corporation, or any other contracting entity in which a controlling interest is held by any State employee shall be considered to be a contract with or proposal from the employee; and
 - 4.3.8.3 A contract with or a response from a company, corporation, or any other contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.
- 4.3.9 The Institution reserves the right, at its sole discretion, to waive a proposal's variances from full compliance with this RFP. If the Institution waives minor variances in a proposal, such waiver shall not modify the RFP requirements or excuse the Proposer from full compliance with the RFP.

4.4 Incorrect Proposal Information

If the Institution determines that a Proposer has provided, for consideration in this RFP process or subsequent contract negotiations, incorrect information that the Proposer knew or should have known was materially incorrect, that proposal shall be determined non-responsive and shall be rejected.

4.5 Proposal of Additional Goods and/or services

If a proposer offers related goods and/or services in addition to those required by and described in this RFP, the additional goods and/or services may be added to the Contract before contract signing at the sole discretion of the Institution. Proposers must provide a detailed description of each related product and/or service offered in addition to those specified in this RFP to be considered for inclusion in the contract as a separate attachment. Costs associated with additional related goods and/or services must be provided on a separate attachment in the Cost Proposal. Please note that proposed additional goods and/or services will not be used in evaluating the proposal.

4.6 Assignment & Subcontracting

- 4.6.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the Institution. The Institution reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.
- 4.6.2. If a Proposer intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.4., Section B, Qualifications & Experience Requirements, Item B.11.).
- 4.6.3. Subcontractors identified within a response to this RFP will be deemed as approved by the Institution unless the Institution expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.
- 4.6.4. After contract award, a Contractor may only substitute an approved subcontractor at the discretion of the Institution and with the Institution's prior, written approval.
- 4.6.5. Notwithstanding any Institution approval relating to subcontracts, the Proposer who is awarded a contract pursuant to this RFP will be the prime contractor and will be responsible for all work under the Contract.

4.7 Right to Refuse Personnel

The Institution reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel, of the prime contractor or a subcontractor providing goods and/or services. The Institution will document in writing the reason(s) for any rejection of personnel.

4.8 Insurance

Successful Proposer must provide and maintain a commercial general liability policy. The policy shall provide coverage which includes, but is not limited to, bodily injury, personal injury, death, property damage and medical claims, with minimum limits of \$1,000,000 per occurrence, \$3,000,000 in the aggregate. The Proposer shall maintain workers' compensation coverage or a self-insured program as required under Tennessee law. The Proposer shall deliver to the Institution a certificate of insurance no later than the effective date of the contract, with the policy listing the Institution as additional insured. If any policy providing insurance required by the contract is cancelled prior to the policy expiration date, the Proposer, upon receiving a notice of cancellation, shall give immediate notice to the Institution.

The enumeration in the contract or in this document of the kinds and amounts of liability insurance shall not abridge, diminish or affect the contractor's legal responsibilities for the consequences of accidents arising out of or resulting from the goods and/or goods and/or services of the successful bidder under this contract.

Failure to provide evidence of such insurance coverage is a material breach and grounds for termination of the contract negotiations. Any insurance required by the Institution shall be in form and substance acceptable to the Institution.

4.9 Professional Licensure and Department of Revenue Registration

- 4.9.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Proposer provides for consideration and evaluation by the Institution as a part of a response to this RFP, shall be properly licensed to render such opinions.
- 4.9.2. Before the Contract resulting from this RFP is signed, the apparent Successful Proposer (and Proposer's employees and subcontractors, as applicable) must hold all necessary or appropriate business or professional licenses to provide the goods and/or goods and/or services as required by the contract. The Institution may require any Proposer to submit evidence of proper licensure.
- 4.9.3. Before the Contract is signed, the apparent successful Proposer must be registered with or exempted by the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. The Institution shall not award a contract unless the Proposer provides proof of such registration or documentation from the Department of Revenue that the Contractor is exempt from this registration requirement. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation. For purposes of this registration requirements, Proposer should visit <https://apps.tn.gov/bizreg/>.

4.10 Financial Stability

The successful Proposer will be required to provide information to APSU to demonstrate financial stability and capability prior to award of contract. These requirements are located in Attachment 6.4 of this RFP.

4.11 Proposal Withdrawal

A Proposer may withdraw a submitted proposal at any time up to the Proposal Deadline time and date in the RFP Section 2, Schedule of Events. To do so, a Proposer must submit a written request, signed by a Proposer's authorized representative to withdraw a proposal. After withdrawing a previously submitted proposal, a Proposer may submit another proposal at any time up to the Proposal Deadline.

4.12 Proposal Errors and Amendments

At the option of the Institution, a Proposer may be bound by all proposal errors or omissions. A Proposer will not be allowed to alter or amend proposal documents after the Proposal Deadline time and date in the RFP Section 2, Schedule of Events unless formally requested, in writing, by the Institution.

4.13 Proposal Preparation Costs

The Proposer is responsible for all costs associated with the preparation, submittal, or presentation of any proposal.

4.14 Continued Validity of Proposals

Proposals shall state that the offer contained therein is valid for a minimum of one hundred twenty (120) days from the date of opening. This assures that Proposers' offers are valid for a period of time sufficient for thorough consideration. Proposals which do not so state will be presumed valid for one hundred twenty (120) days from the date of the Cost Proposal opening.

4.15 Disclosure of Proposal Contents

- 4.15.1 Each proposal and all materials submitted to the Institution in response to this RFP shall become the property of the Institution. Selection or rejection of a proposal does not affect this right. All proposal information, including detailed price and cost information, shall be held in confidence during the evaluation process.
- 4.15.2 Upon the completion of the evaluation of proposals, indicated by public release of a Letter of Intent to Award, the proposals and associated materials shall be open for review by the public in accordance with Tennessee Code Annotated, Section 10-7-504. By submitting a proposal, the Proposer acknowledges and accepts that the proposal contents and associated documents shall become open to public inspection in accordance with said statute.
- 4.15.3 If an RFP is re-advertised, all prior offers and/or proposals shall remain closed to inspection by the Proposers and/or public until evaluation of the responses to the re-advertisement is complete.

4.16 Contract Approval

The RFP and the successful proposer selection processes do not obligate the Institution and do not create rights, interests, or claims of entitlement by either the Proposer with the apparent best-evaluated proposal or any other Proposer. Contract award and Institution obligations pursuant thereto shall commence only after the contract is signed by the Contractor and all other Institution/State officials as required by state laws and regulations.

4.17. Contractor Performance

The Contractor will be responsible for the delivery of all acceptable goods or the satisfactory completion of all goods and/or services set out in this RFP (including attachments) as may be amended. All goods and/or services are subject to inspection and evaluation by the Institution. The Institution will employ all reasonable means to ensure that goods delivered and/or services rendered are in compliance with the Contract, and the Contractor must cooperate with such efforts.

4.18. Contract Amendment

After contract award, the Institution may request the Contractor to deliver additional goods and/or perform additional services within the general scope of the contract and this RFP, but beyond the specified scope of service, and for which the Contractor may be compensated. In such instances, the Institution will provide the Contractor a written description of the additional goods and/or services. The Contractor must respond to the Institution with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor's response to this RFP. If the Institution and the Contractor reach an agreement regarding the goods and/or services and associated compensation, such agreement must be effectuated by means of a contract amendment. Further, any such amendment requiring additional goods and/or services must be signed by both the Institution and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render services until the Institution has issued a written contract amendment with all required approvals.

4.19. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the Institution and Proposers will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

4.20. Next Ranked Proposer

The Institution reserves the right to initiate negotiations with the next ranked Proposer should the Institution cease doing business with any Proposer selected via this RFP process.

5.3 Contract Award Process

- 5.3.1 The RFP Coordinator will forward the results of the proposal evaluation process to the appropriate institution official who will consider the proposal evaluation process results and all pertinent information available to make a determination about the contract award. The Institution reserves the right to make an award without further discussion of any proposal.

Notwithstanding the foregoing, to effect a contract award to a Proposer other than the one receiving the highest evaluation score, the requesting department/party must provide written justification for such an award and obtain the written approval of the appropriate institutional official.

- 5.3.2 After the appropriate official's determination, the Institution will issue an Intent to Award to identify the apparent best-evaluated proposal as specified in RFP Section 2, Schedule of Events.

Prior to contract execution, the Institution reserves the right, at its sole discretion, to add terms and conditions or to revise Pro Forma Contract requirements in the Institution's best interests. No such terms and conditions or revision of contract requirements shall materially affect the basis of proposal evaluations or negatively impact the competitive nature of the RFP process.

- 5.3.5 The Proposer with the apparent best-evaluated proposal must sign and return the Contract no later than the Award of Contract Date in the RFP Section 2, Schedule of Events. If the Proposer fails to provide the signed Contract by the deadline, the Institution may determine that the Proposer is non-responsive to the RFP terms and reject the proposal.

Project Narrative and Service Requirements:

Overview – Technical Specifications and Service Requirements

The divergent routes must include a difference in all facilities to include building structure, physical routes, poles, trenches, electronics, etc.

The successful proposer may use APSU's current underground conduit infrastructure to reach the Sundquist/Browning buildings, however, any work done in APSU owned infrastructure will be done by APSU's chosen cabling vendor.

BGP support is required with advertisement of our existing range of public IP addresses. BGP support must be provided to a primary and secondary router (see diagram in attachment). The proposer must allow BGP peering with other network providers doing business with APSU.

APSU requires a Service Level Agreement stipulating a reasonable recovery time due to a vendor routing outage. APSU requires an SLA stipulating a reasonable recovery time due to a vendor equipment (on or off campus) failure. Vendor Product Accessibility Statement and Documentation

Purpose of Accessibility Statement

An effective Accessibility Statement includes several key components including:

- A clear statement of commitment to ensuring equal access for all users
- Required written documentation on the level of conformance with THEC/APSU accessibility standards
- Information for users with disabilities regarding product/service accessibility features and gaps
- A mechanism to allow users to provide accessibility feedback
- Links to resources (internal or external) that provide additional or related information

Key Components

Commitment Statement

- Emphasize commitment to ensuring the accessibility of the product/service.
- Note any ongoing efforts to monitor for and remediate accessibility issues as they are identified.

Required Documentation

1. Provide written documentation on
 - a. how the product/service meets the THEC/APSU accessibility standards,
 - i. WCAG 2.0 A&AA Guidelines/ISO/IEC 40500:2012
 - ii. 508 Voluntary Product Accessibility Template (VPAT)
 - iii. And EPUB3 Accessibility Guidelines (if applicable)
 - b. any available accessibility testing results
 - i. List any third-party agencies with whom you have worked to evaluate accessibility support
 - ii. Describe any formal testing process you use to determine accessibility support
 - iii. Indicate if you conduct user testing with persons with disabilities to verify accessibility support
 - c. and include the Conformance and Remediation Form when standards conformance is not fully achieved to demonstrate vendor's planned roadmap to full conformance.
2. Provide links to any other internal accessibility documentation (e.g., accessibility information within general product documentation, FAQs, best practices, tutorials, case studies, or white papers).
 - a. Note any other best practices or guidelines utilized during design and development (if applicable).

Product Usage Information for Users with Disabilities

- Describe any product features that may improve accessibility for users with disabilities including:
 - Accessibility-specific features (e.g. the ability to adjust font size and color/contrast settings for text or the availability of closed captions for videos)
 - General product features that may especially benefit users with disabilities (e.g. an 'HTML 5' mode optimized for mobile platforms that also improves keyboard-only navigation).
- Describe any high-impact product accessibility gaps along with suggested interim workarounds that allow users to complete key tasks until the gaps are resolved. For example, if a technical support website isn't compatible with screen readers used by the blind, appropriate interim workarounds might include:
 - Alternative business processes that bypass the accessibility barrier (e.g. providing phone-based support until the web-based support site is accessible)
 - Use of a third-party product to replace or supplement inaccessible product functions (e.g. indicating that users may submit or check the status of technical support tickets via email).

- Describe accessibility features provided by your communication channels (e.g. a deaf or hard-of-hearing user may contact you via a TTY line or access support personnel familiar with telephone relay services).

Feedback Mechanism

- Indicate whether you have specific resources devoted to handling accessibility questions/concerns and provide the contact information for these resources.
- Provide a specific mechanism for users to contact in order to:
 - Request accessibility-related assistance
 - Report accessibility problems
 - Request information in accessible alternate formats

Implementation Recommendations

Ensure that the Accessibility Statement is Easily Located on Company Website.

- Provide a hyperlink that points to the Accessibility Statement and meets the following criteria:
 - Descriptive (e.g. 'Accessibility' or 'Disability Access')
 - Prominently positioned (e.g. on the landing page, help/support page, and/or site map)
 - Easily identified (e.g. adequate text size and color/contrast, not the last link in a complex page)

Keep the Information in the Accessibility Statement and Documentation Current.

- Since accessibility support changes over time due to product updates, accessibility evaluations, and remediation activities, regularly review and update the Accessibility Statement so it remains up-to-date.
- Include a revision date for the Accessibility Statement so end users know whether the information is current.

Direct any questions or comments to the institutional Accessibility Liaison (harrisj@apsu.edu).
