Small Business Guidelines

The State of Tennessee Go-DBE establishes small business guidelines based on industry size standards. The criteria guidelines are required to be met in order for a business to be considered a small business enterprise and to receive certification as a Small Business Enterprise (SBE). The annual sales receipts and the number of employees indicate the maximum allowed for a small business concern by the state of Tennessee's definition.

Small Business Definition:

"Tennessee small business" means a business that is a continuing, independent, for profit business which performs a commercially useful function with residence in Tennessee and has total gross receipts of no more than ten million dollars (\$10,000,000) averaged over a three-year period or employs no more than ninety-nine (99) persons on a full-time basis".
