Change or Declare Major, Concentration and/or Minor

CAUTION!

Financial Aid and Veterans Education Benefits are based on a student's declared program of study. For financial aid, eligibility is based on the courses in which a student is registered on the [Pell Recalculation Date \(PRD\)](#). If changing your major causes your courses to no longer count in your program of study before the PRD, your aid may be adjusted creating a billing to your account. Further information can be reviewed on the [APSU website](#).

If you receive the TN Promise Scholarship or TN Reconnect Grant, you are required to seek only an Associate's Degree. Changing your primary degree will result in the cancellation of the award. For more information, please contact the Office of Student Financial Aid.
