Austin Peay State University accepts credit from other institutions if the institutions are listed with an appropriate regional accreditation association. Under normal circumstances Austin Peay does not accept credit from non-regionally accredited institutions of higher learning. If you desire acceptance of courses completed at institutions not accredited by a regional accrediting association, this form must be completed for each course. Credit may be awarded only after review and approval by the appropriate academic department chair and dean. A course competency examination may be required as a part of this process.

The following factors will determine the decisions concerning the acceptance of transfer work:

1. The educational quality of the institution from which the student wishes credit as determined by the institution's accreditation.
2. The comparability of the nature, content, and level of credit earned to that offered by APSU (only specific course equivalency credit may be granted).
3. The appropriateness and applicability of the credit earned to the programs offered by APSU with regard to the student's educational goals.
4. The qualifications of the instructor of the course.

**ONE FORM IS REQUIRED FOR EACH COURSE PETITIONED FOR ACCEPTANCE**

The following documents must be attached to this form in order for the request to be reviewed.

*A transcript, course description from institution's catalog, syllabus with learning outcomes, and qualifications of instructor must be included. Courses must be taught by instructors who hold a masters degree and who have earned 18 graduate hours (documented) in the discipline of the course.*
