## STUDENT GUIDEBOOK

# If you see something...

Due to the climate and everything that is going on... please just keep an eye out. If you see someone that doesn't look like they belong in the building, let some one know. Call campus security etc. We just want everyone to be safe.

# Production

If you are in production this semester stick around after we are done for a quick meeting. There are some new things you need to be made aware of and assignments need to be made.
